Used and Rare Lawrence Goldstone, 2021-06-16

Everyday eBay Ken Hillis, Michael Petit, Nathan Scott

Epley, 2012-12-06 *Everyday eBay* is the first scholarly analysis of the internet marketplace that has become a global social cultural and economic phenomenon The eighteen new and classic essays gathered here examine eBay from a wide variety of perspectives as a bellwether of taste and material culture as a rich site of cultural racial and sexual discourse and practice as an emergent media form and as a facilitator of global consumerism From old toys steeped in nostalgia to rare limited edition shoes the contributors demonstrate that value on eBay is never simply about price On any given day more than two million items are listed for sale on eBay from everyday objects to kitsch and collectibles to the truly bizarre Since its debut ten years ago eBay has quickly become a central destination for millions of web browsers According to eBay itself up to 165 000

Americans now make their living by selling through the website and other business analysts project that hundreds of thousands of individuals worldwide now make their living through eBay **Superhobby Investing** Peter Temple, 2004 What is superhobby investing Superhobby Investing is at the intersection of investing collecting and other serious hobbies It's about examining how you can ratchet up a hobby or a collecting passion into an investment option If you are a stock market investor this book will show how you can use the tangible assets that are normally part and parcel of collecting as a means of diversifying your portfolio Or maybe you already own or have inherited some superhobby assets a stamp collection or a set of first editions say but never thought of them as potential investments Using this book you can find out how to assess their value and how to convert them into a durable and profitable portfolio This book shows you why developing one or more superhobbies can be a good idea and looks at various forms this tangible asset investing can take In each case the book explains how the markets operate what the risks are what returns can be expected and what knowledge and skills are required Each asset profile includes The history of investment in the asset The basic characteristics and features of the market The examination of long term returns with detailed figures The tax angles if applicable The major issues How to buy and sell including major dealers and auctioneers Sources of information **Warmly Inscribed** Lawrence Goldstone, Nancy Goldstone, 2001-06-20

With their typically warm and insightful style two amateur antiquarian book collectors reveal one of the dirty secrets of the book collecting world forgeries *The Groaning Shelf* Pradeep Sebastian, 2012-03-12 Notes from a bibliophile on the lure of rare and first editions the beauty of dust jackets the thrill of browsing in antiquarian bookshops the bibliomania of book thieves movies about books and the inner life of a reader *The Groaning Shelf* is not so much a book about books as a book about books about books These little essays capture the drama of bookish obsession the joys and snares of the bookish life and the pleasures of bibliophily **Slightly Chipped** Lawrence Goldstone, Nancy Goldstone, 2000-05-05

Continuing the couple's love affair with book collecting that was first shared with readers in *Used and Rare* the Goldstones get hooked on the correspondence and couplings of Bloomsbury track down Bram Stoker's earliest notes for *Dracula* and

discover new places to buy rare tomes meeting eccentric personalities along the way *China's Monopoly on Rare Earths*
United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asia and the Pacific, 2011 **Art &**
Antiques , 1997 Feb 2008 For collectors of fine and decorative arts **Interstellar Travel** Les Johnson, Kenneth
Roy, 2025-06-27 Interstellar Travel After Arrival is a comprehensive technical look at the necessary considerations for
settlement on an extra solar planet following interstellar travel addressed by leading experts in the fields of space
development The book features the current and future plans for lunar Mars and asteroid settlement and how what we learn
from such future endeavors might apply to settlement at destinations around other stars In addition scientists who have been
considering the construction of large space structures and terraforming discuss realistic options to be considered Other
chapters cover necessary considerations such as whether terraforming is possible and how it might be accomplished the
ethical issues and scientific constraints to interacting with an alien biosphere and what we might learn from settling within
our own Solar System that would apply to settling elsewhere The third book of a three book compilation this new release
presents up to date and realistic technical and scientific considerations of the challenges that settling on an exoplanet would
bring including review of the current technological capabilities and how they might be put towards life on an extra solar
planet Features detailed discussions of the technical challenges to be overcome in establishing self sufficient settlements on
planets isolated from Earth Describes the challenges and technical options available for establishing settlements on other
planets asteroids and small bodies moons by recognized leading experts Includes in depth analysis of the technical and
ethical issues associated with terraforming Provides data and analysis for both new and experienced researchers in the
interstellar and deep space exploration fields Civilization , 1999-06 The magazine of the Library of Congress
