No Exit Yoav Di-Capua, 2018-03-30 It is a curious and relatively little known fact that for two decades from the end of World War II until the late 1960s existentialism's most fertile ground outside of Europe was in the Middle East and Jean Paul Sartre was the Arab intelligentsia's uncontested champion In the Arab world neither before nor since has another Western intellectual been so widely translated debated and celebrated By closely following the remarkable career of Arab existentialism Yoav Di Capua reconstructs the cosmopolitan milieu of the generation that tried to articulate a political and philosophical vision for an egalitarian postcolonial world He tells this story by touring a fascinating selection of Arabic and Hebrew archives including unpublished diaries and interviews Tragically the warm and hopeful relationships forged between Arab intellectuals Sartre Simone de Beauvoir and others ended when on the eve of the 1967 war Sartre failed to embrace the Palestinian cause Today when the prospect of global ethical engagement seems to be slipping ever farther out of reach *No Exit* provides a timely humanistic account of the intellectual hopes struggles and victories that shaped the Arab experience of decolonization and a delightfully wide ranging excavation of existentialism's non Western history **Press Digest** , 2006
