Brookhart,2015-12-07 In *How to Make Decisions with Different Kinds of Student Assessment Data* best selling author Susan M Brookhart helps teachers and administrators understand the critical elements and nuances of assessment data and how that information can best be used to inform improvement efforts in the school or district Readers will learn What different kinds of data can and cannot tell us about student learning What different analyses reveal about changes in student achievement How to interpret use and share relevant data and How to create a model to go from problem to solution in a data based decision making process With easy to understand explanations supplemented by examples and scenarios from actual schools this book offers a path to better understanding more accurate interpretation of assessment results and most important more effective use of data to improve teaching and learning *Data Wise in Action* Kathryn Parker Boudett,Jennifer L. Steele,2007 What does it look like when a school uses data wisely *Data Wise in Action* a new companion and sequel to our bestselling *Data Wise* tells the stories of eight very different schools following the *Data Wise* process of using assessment results to improve teaching and learning *Data Wise in Action* highlights the leadership challenges schools face in each phase of the eight step *Data Wise* cycle and illustrates how staff members use creativity and collaboration to

overcome those challenges Data Wise in Action builds on the work of leading faculty and graduate students at the Harvard Graduate School of Education who joined with exemplary practitioners in 2005 to produce Data Wise A Step by Step Guide to Using Assessment Results to Improve Teaching and Learning Since its publication Data Wise has been read by thousands of school leaders many of whom have shared the book with colleagues and staff The success of the original book has generated a new demand among school leaders to hear real stories from schools that are implementing the Data Wise process Data Wise in Action answers that need It offers both inspiration and practical guidance for school leaders Learning-Focused Leadership in Action Michael S. Knapp, Meredith I. Honig, Margaret L. Plecki, Bradley S. Portin, Michael A.

Copland, 2014-03-21 In an educational context where school and district performance is of increasing focus it s essential for leaders at all levels of the educational system to focus on improving student performance This volume zeros in on a promising set of strategies and practices for all leaders to motivate support and sustain learning in contemporary schools Learning Focused Leadership in Action explores what it means for educational leadership to be learning focused what this looks like in practice at both the school and district level and how such leadership changes can be set in motion Drawing on extensive case study research in schools and districts that are making progress on learning improvement this volume explores how leaders at all levels of the educational system can productively seek to improve the quality of learning opportunities and student performance no matter how challenging the circumstances *Using Data in Schools to Inform Leadership and Decision Making* Alex J. Bowers, Alan R. Shoho, Bruce G. Barnett, 2014-11-01 Our fifth book in the International Research on School Leadership series focuses on the use of data in schools and districts as useful information for leadership and decision making Schools are awash in data and information from test scores to grades to discipline reports and attendance as just a short list of student information sources while additional streams of data feed into schools and districts from teachers and parents as well as local regional and national policy levels To deal with the data schools have implemented a variety of data practices from data rooms to data days data walks and data protocols However despite the flood of data successful school leaders are leveraging an analysis of their school s data as a means to bring about continuous improvement in an effort to improve instruction for all students Nevertheless some drown some swim while others find success Our goal in this book volume is to bring together a set of chapters by authors who examine successful data use as it relates to leadership and school improvement In particular the chapters in this volume consider important issues in this domain including How educational leaders use data to inform their practice What types of data and data analysis are most useful to successful school leaders To what extent are data driven and data informed practices helping school leaders positively change instructional practice In what ways does good data collection and analysis feed into successful continuous improvement and holistic systems thinking How have school leadership practices changed as more data and data analysis techniques have become available What are the major obstacles facing school leaders when using data for decision making and how do they
