Empire Based on intensive archival research in Peru Spain and Colombia and the unique visual data of more than a thousand extraordinary watercolors The Bishop s Utopia recreates the intellectual cultural and political universe of the Spanish Atlantic world in the late eighteenth century Emily Berquist Soule recounts the reform agenda of Mart nez Compa n including the construction of new towns improvement of the mining industry and promotion of indigenous education and positions it within broader imperial debates unlike many of his Enlightenment contemporaries who elevated fellow Europeans above native peoples Mart nez Compa n saw Peruvian Indians as intelligent productive subjects of the Spanish Crown The Bishop s Utopia seamlessly weaves cultural history natural history colonial politics and art into a cinematic retelling of the Bishop s life and work

New Worlds Reflected Chloë Houston, 2016-05-06 Utopias have long interested scholars of the intellectual and literary history of the early modern period From the time of Thomas More s Utopia 1516 fictional utopias were indebted to contemporary travel narratives with which they shared interests in physical and metaphorical journeys processes of exploration and discovery encounters with new peoples and exchange between cultures Travel writers too turned to utopian discourses to describe the new worlds and societies they encountered Both utopia and travel writing came to involve a process of reflection upon their authors societies and cultures as well as representations of new and different worlds As awareness of early modern encounters with new worlds moves beyond the Atlantic World to consider exploration and travel piracy and cultural exchange throughout the globe an assessment of the mutual indebtedness of these genres as well as an introduction to their development is needed New Worlds Reflected provides a significant contribution both to the history of utopian literature and travel and to the wider cultural and intellectual history of the time assembling original essays from scholars interested in representations of the globe and new and ideal worlds in the period from the sixteenth to eighteenth centuries and in the imaginative reciprocal responsiveness of utopian and travel writing Together these essays underline the mutual indebtedness of travel and utopia in the early modern period and highlight the rich variety of ways in which writers made use of the prospect of new and ideal worlds New Worlds Reflected showcases new work in the fields of early modern utopian and global studies and will appeal to all scholars interested in such questions
