Dr Carlton Watson

Uwc Application 2015 Prosperctive Students:

ICEL2015-10th International Conference on e-Learning Dr Carlton Watson,2015-06-12 These proceedings represent the work of researchers participating in the 10th International Conference on e Learning ICEL 2015 which is being hosted this year by the College of the Bahamas Nassau on the 25 26 June 2015 ICEL is a recognised event on the International research conferences calendar and provides a valuable platform for individuals to present their research findings display their work in progress and discuss conceptual advances in the area of e Learning It provides an important opportunity for researchers and managers to come together with peers to share their experiences of using the varied and expanding range of e Learning available to them With an initial submission of 91 abstracts after the double blind peer review process there are 41 academic Research papers and 2 PhD papers Research papers published in these Conference Proceedings These papers come from some many different countries including Australia Belgium Brazil Canada China Germany Greece Hong Kong Malaysia Portugal Republic of Macedonia Romania Slovakia South Africa Sweden United Arab Emirates UK and the USA A selection of the best papers those agreed by a panel of reviewers and the editor will be published in a conference edition of EJEL the Electronic Journal of e Learning www.ejel.com These will be chosen for their quality of writing and relevance to the Journal s objective of publishing papers that offer new insights or practical help into the application e Learning

International Schools Mary Hayden,Jeff Thompson,2016-03-01 The foundation of the first international schools of the modern era well over a century ago and their burgeoning growth over recent years provides the context in this book for a series of personal perspectives written by some of those who have been involved centrally in their development As the schools themselves have increased not only in number and geographical distribution but also in diversity of style and ownership so have a range of complex issues arisen relating to their fundamental purposes the curricula that they choose what should be taught and what should be learned the nature of their organization including leadership and management and their potential contributions in responding to a perceived global need and in influencing the promotion of international education in national systems of schools The distinguished group of authors contributing to this volume identify the current issues surrounding the rapid evolution of international schools and likely future directions of development based on their own impressive personal and professional experience of the sector That both comparative and international education genres are to be found in approaches taken in the various chapters means that the book will be of interest and value not only to teachers in international schools but also to those working in national schools and to researchers in colleges and universities worldwide

Green Communication Technologies for Future Networks Gurjit Kaur,Akanksha Srivastava,2022-10-31 This book explores all the energy efficient communication technologies used for various communication systems and every aspect of these systems such as green electronics network protocols handover codes antenna and the role of artificial intelligence and IoT including the energy management strategies It identifies the development of sustainable plans and programs at the

communication level within the current legislative framework Features Gives a fundamental description of the green communications including granularities of green wired and wireless systems Describes a comprehensive review of innovations challenges and opportunities for green communication Provides guiding principles on how to build the green communication network Includes a holistic view of both wireless and wired green communication systems with an emphasis on applications and challenges in each area Suggests various ways of benchmarking and measuring the performance of green communication systems This book will be of great interest to graduate students and researchers in green technologies communications wireless communication optical communication underwater communication microwave and satellite communication networking the internet of things and energy management **Learning Analytics in Higher Education**

John Zilvinskis,Victor Borden,2017-09-28 Gain an overview of learning analytics technologies in higher education including broad considerations and the barriers to introducing them This volume features the work of practitioners who led some of the most notable implementations like the Open Learning Initiative now at Stanford University faculty led projects at the University of Michigan including ECoach and SLAM the University of Maryland Baltimore Countys Check My Activity and Indiana Universitys FLAGS early warning system and e course advising initiatives Readers will glean from these experiences as well as from a national project in Australia on innovative approaches for enhancing student experience an informed description of the role of feedback within these technologies and a thorough discussion of ethical and social justice issues related to the use of learning analytics and why higher education institutions should approach such initiatives cautiously intentionally and collaboratively This is the 179th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution Future-proofing STEAME education in South Africa

Rajendran Govender,Josef de Beer,Rouaan Maarman,Rajendra Chetty,2025-02-28 This book aims to contribute to the discourse of finding innovative solutions to the myriad of challenges facing science education in South Africa The book positions itself in the multi disciplinary focus on Science Technology Engineering Arts Mathematics and Entrepreneurship STEAME education rather than the traditional narrow focus on Science Technology Engineering and Mathematics STEM The chapters in the book explore the challenges and opportunities facing STEAME education in a complex 21st century and at the advent of a society with a strong artificial intelligence component in its DNA The leitmotif of the book is how engaging pedagogies could be utilised in the classroom to enhance self directed learning a sine qua non to future proof South Africa s science and technological advancement This is a book written by scholars for scholars Its target audience includes academics and researchers in the field of science education and scholars engaged with innovative teaching pedagogies particularly approaches that would enhance the achievement of learners in disadvantaged contexts The chapters in the book although eclectic in approach all contribute to the central theme

of the book Most of the chapters lean on textual analyses literature reviews or concept papers which disclose new ideas before full validation

Universities and the Sustainable Development Future Peter H. Koehn, Juha I. Uitto, 2017-04-07 This study provides institutions of higher learning around the world with new and inclusive guidelines that can be applied contextually to produce credible evidence regarding the outcome and impact of their teaching research societal outreach governance and partnering activities with regard to sustainable development The 2015 International Year of Evaluation is behind us and post 2015 Sustainable Development Goals are coming into play Donors the public international organizations and higher education participants need to know if universities are advancing sustainable development Although university involvement in sustainable development research teaching and outreach has increased substantially systematic learning from higher education engagements has been disappointing and the extent to which university initiatives have influenced sustainable development particularly in the Global South is widely contested This book presents and demonstrates the utility of a flexible framework that will inspire substantial contextually based improvements in the ways universities evaluate and therefore activate and improve their sustainable development undertakings It provides a cutting edge resource for students scholars university leaders and policy drivers at all levels of governance who are concerned with contemporary higher education sustainable development climate change and evaluation challenges

Movement as Conflict Transformation Susan Forde, 2018-07-21 This book presents narratives of the social use of space in the divided city of Mostar Bosnia Herzegovina Through the narratives of movement in the city the work demonstrates how residents engage informally with conflict transformation through new movement and use of spaces This book will appeal across the social sciences and in particular to students academics and researchers in the fields of peace and conflict studies political sociology and human geography

Routledge Handbook of Urban Water Governance Thomas Bolognesi, Francisco Silva Pinto, Megan Farrelly, 2022-09-01 This handbook provides a comprehensive state of the art overview of urban water governance Of the many growing challenges presented by rapid urbanization water governance is a critical one and while urban water governance is now regarded as a critical field of research the literature is fragmented For the first time this handbook brings together urban water governance research containing interdisciplinary contributions from established and emerging scholars practitioners and policymakers It addresses the key questions of how urban water governance works how is it shaped and what the impacts are The handbook s structure offers a progressive entry into the complexity of urban water governance Starting with technical dimensions the handbook addresses supply and demand wastewater and sanitation It then considers regulation and economic factors examining water utilities and services Political processes and the actors involved are addressed and the handbook finishes with a part focusing on governance and sustainability where chapters address critically important topics such as access to water water safety and water security This handbook is essential reading for students scholars and professionals interested in urban water governance urban studies and water resource management and

sustainability more broadly *Textbook of Global Health* Anne-Emanuelle Birn,Yogan Pillay,Timothy H. Holtz,2017-01-24
THE CRITICAL WORK IN GLOBAL HEALTH NOW COMPLETELY REVISED AND UPDATED This book compels us to better understand the contexts in which health problems emerge and the forces that underlie and propel them Archbishop Emeritus Desmond Mpilo Tutu H1N1 Diabetes Ebola Zika Each of these health problems is rooted in a confluence of social political economic and biomedical factors that together inform our understanding of global health The imperative for those who study global health is to understand these factors individually and especially synergistically Fully revised and updated this fourth edition of Oxford s Textbook of Global Health offers a critical examination of the array of societal factors that shape health within and across countries including how health inequities create consequences that must be addressed by public health international aid and social and economic policymaking **Afrikaans Linguistics** WAM Carstens,Nerina Bosman,2024-10-03 Offering a contemporary exploration of the multifaceted landscape of Afrikaans linguistics Afrikaans Linguistics Contemporary Perspectives marks a seminal contribution to the field This volume for the first time presents accessible insights into diverse linguistics subdisciplines inviting international scholars to familiarise themselves with Afrikaans language studies Throughout much of the late 19th and 20th centuries Afrikaans scholars predominantly communicated in Afrikaans resulting in a significant gap in the dissemination of knowledge about the language The chapters in this book written by prominent South Africans as well as international scholars working in the field of Afrikaans serve as a pivotal bridge by providing essential historical context while also paying attention to the development of Afrikaans linguistics during the 20th century The primary focus remains on illuminating 21st century research trajectories offering a comprehensive snapshot of contemporary scholarship in Afrikaans linguistics
