Wake Up Call Joaquin De Torres:

Wake-Up Call Joaquin De Torres, 2014-05-25 One hundred mental patients are brutally massacred in the frigid cold of a Russian forest as they wait for a mysterious light coming down from the night sky Their deaths are never spoken of again More than three decades later directors at mental hospitals in California are stunned when 100 patients comatose for years suddenly wake up and speak of a person called The Commander who will lead them to a place where they will be taken from Earth One person may hold the answers a severely mentally ill homeless man whose knowledge of astronomy physics and mathematics is not only more advanced than Einstein and Tesla but can summon superhuman abilities in the blink of an eye Taken in and protected by a small team of mental health physicians a brilliant astrophysicist a derelict naval officer and a renowned Ancient Aliens theorist this freakishly gifted person called Doogie warns that time is running out that the creators are already on their way to Earth They will arrive within weeks The chosen hundred must be ready but like 30 years ago a new threat makes its presence menacingly clear A xenophobic Senator with a horrific secret and the authority to launch military strikes is plotting to destroy an extraterrestrial visitation of any kind even if it means the deaths of thousands if not the utter destruction of the entire West Coast

Brother's Keeper Joaquin De Torres, 2012-11 Jason Li is seconds away from pulling the trigger to end his life Difficult to believe considering three years ago he was on the fast track to becoming a Navy fighter pilot following in the footsteps of his older brother and modern combat ace Lt Jordan Li But now Jordan is dead killed in what the Navy claims was a freak accident over the Pacific Ocean Jason never got over the death of his brother his mentor his hero Now discharged from the Navy for chronic mental breakdown Jason has no career no family and no reason to live It is time to finish it He begins to squeeze the trigger when suddenly The doorbell rings Standing there is a stranger who informs him that everything the Navy told him was a lie a stratagem for one of the most daring Black Ops missions ever attempted His brother was the centerpiece of that operation which has now reached critical mass The Navy has reason to believe that Jordan may not be dead after all They need Jason enraged victimized and unstable to find his brother deep within China If he accepts the Pentagon gives him his life back and the chance to fly the most advanced fighter plane ever designed But if he refuses hundreds of thousands of people will die

PIPER'S, Inc. Joaquin De Torres, 2015-05-05 Freedom is not free it must be taken This is the mantra of PIPER S Inc a conspiracy thriller centered on a secret society that is dramatically and horrifically changing the landscape of American life Through the methodical liquidation of corrupt politicians lawmakers judges law enforcement financial CEOs and the elite oligarchs whose whims manipulate American life the institution is bringing a bloody wake up call to society Waiting for social change and economic prosperity will no longer tolerated they will be forced through the systematic assassination of those at the top who offer only the meager drippings of the good life to those at the bottom At the center of the organization is Temujin an ex Black Ops commander who's had enough of the greed abuse and self serving machinations of the U S and local governments Leading a massive unit of hand picked special warfare

assassins he s out to change the nation and restore the meaning of the American Dream Mysteriously and gruesomely members of Congress state departments Supreme Courts law firms financial giants and police precincts are eliminated with specific messages attached to their bodies One by one the pillars of society fall as fear mounts to pandemic heights PIPER S Inc is now the scourge of corruption and social inequality The nation has a new Big Brother and surprisingly the nation is liking it Slowly emerging as a mysterious folk hero Temujin promises there will be more blood and bodies leading all the way up to the White House door if need be until CHANGE FOR ALL citizens is realized **The Crucible** Joaquin De Torres,2012-09 Commander Kristina Torres the U S Navy s preeminent weapons designer once had a dream of commanding her own ship But her father s over protective demeanor and a horrifying experience when she was a teenager have all but ended any realization of that dream Her father Admiral Ramon Torres is the commanding officer of the Pacific Fleet a force that faces a shortage of ships and captains on the eve of war with North Korea and China He must enforce the globally protested Iron Clad blockade around North Korea which has already caused the deaths of half a million people Out of sheer rage and desperation North Korea has given the U S just 24 hours to lift the blockade before it launches every last man shell and missile onto South Korea and the 30 000 American troops stationed there China waits patiently for this planning to launch a million landing troops on Taiwan on the heels of the initial attack At the moment Admiral Torres daughter is in waters north of Hawaii on the testbed ship USS Gettysburg testing weapons that she herself designed She s thousands of miles away from any war zone any threat She s utterly safe at least that s what he thinks Stalking behind a pending typhoon is a massive predator The North Korean juggernaut the Kim Il Sung has sailed across the Pacific to deliver a message to the U S government and the world When the Kim Il Sung spots the Gettysburg it unleashes its message PIPER'S, INC. 2 - JUDAS KISS Joaquin De Torres,2016-09-28 The second American Revolution lasted just three years For three years the nation experienced an economic tsunami political stability judicial equality and social prosperity on levels never before seen in our history The secret society of assassins PIPER S INC America s vigilant watchdog had all but eliminated the puppet masters of our corrupt Congress eviscerated the overseers of a degenerate criminal justice system and culled most of the corporate Capitalist oligarchy So terrifyingly efficient were PIPER S INC s methods of retribution that the nation entered a cultural renaissance and the American Dream once a national joke became an international success story But the story has changed Under President Sanchez a new Supreme Court and a political system guided by a rewritten Constitution corruption duplicity and the national crime rate plummeted This left PIPER S INC running out of criminals missions and relevance Now downsizing its once feared yet celebrated Ghost forces it s now become a particularly opportune time to turn the tables and destroy the heralded organization for good From within A force unseen throughout history has waited for this very moment A slow poison now seeps into the cracks of the organization s once mighty armor An Achilles Heel has been discovered and after three years the betrayal of PIPER S INC and the utter destruction of its place in history now lay in the hands of just one

Carving a Niche Luz María Hernández Sáenz, 2018-02-21 The beginning of the Mexican War of Independence in 1810 triggered radical political social and economic changes including the reorganization of the medical profession During this tumultuous period of transition physicians and surgeons merged in an effort to monopolize the field and ensure their professional survival in a postcolonial liberal republic *Carving a Niche* traces the evolution of various medical occupations in Mexico from the end of the colonial period to the beginning of the regime of Porfirio Díaz demonstrating how competition and collaboration identity ever changing legislation political instability and foreign intervention resulted in a complex gradual and unique process of medical professionalization one that neither conformed to theoretical models nor resembled hierarchies found in other parts of the world Through extensive research Luz María Hernández Sáenz analyzes the uphill struggle of practitioners to claim their place as public health experts and to provide and control medical education in the face of seemingly insurmountable odds Highlighting the significance of race class gender and nationality *Carving a Niche* demonstrates that in the case of Mexico liberal reforms praised by traditional works often hindered rather than promoted the creation of a modern medical profession and the delivery of quality health care services

The Human Bullet Joaquín De Torres, 2017-11-08 Billionaire visionary architect and engineer Dr Marko Marmilić has changed the world in unimaginable ways From his cutting edge inventions in bio genetics and cellular rejuvenation to mechanical design and space age metallurgy he has been labeled the Nikola Tesla of the modern age But his newest technological breakthrough is by far his most ambitious and most controversial Marmilić has been commissioned to develop a machine that will change the entire geopolitical landscape in a way no one could possibly envision He has developed a land vehicle that can travel at Hypersonic speeds an alien looking super cycle called the Sonic One that can reach Mach 15 by harnessing the Earth's magnetic fields Invisible to radar exponentially faster than any fighter jet drone or missile and it can do this without making a sound Equally impressive is the rider's revolutionary suit of bio synthetic armor that can protect a human body from incineration at those speeds In his eyes a fleet of Sonic vehicles could transport food medical supplies and life saving equipment to the neediest countries in a matter of minutes saving hundreds of millions of lives the world over But to those financing this TOP SECRET scientific miracle there is a more insidious objective and to them there is only one person who will operate the machine Chris Kordell a full torso quadriplegic who has just awoken from a two year coma He has no idea where he is what happened to him or why he is surrounded by strange scientists Worst still he has no clue that he has been chosen to transform Marmilić's vision of altruistic life into one of the most deadly instruments of war ever imagined
