

The background of the slide is a painting of a person walking away on a path through a forest. The person is small and dark, walking away from the viewer down a path that leads into a dense, sun-dappled forest. The colors are muted greens and browns, with a soft, painterly texture. The title text is overlaid on the upper half of the image.

The Soul's Conflict and Victory Over Itself by Faith Richard Sibbes, 1837 *The Soul's Conflict with Itself and Victory Over Itself by Faith* Richard Sibbes, 2022-07

In his book *Preachers and Preaching* Martyn Lloyd Jones noted I shall never cease to be grateful to Richard Sibbes who was balm to my soul at a period in my life when I was overworked and badly overtired and therefore subject in an unusual manner to the onslaughts of the devil I found at that time that Richard Sibbes was an unfailing remedy His books *The Bruised Reed* and *The Soul's Conflict* quietened soothed comforted encouraged and healed me In this book Sibbes reflects on Psalm 42 11 Why art thou cast down O my soul and why art thou disquieted within me hope thou in God for I shall yet praise him who is the health of my countenance and my God There be two sorts of people always in the visible Church one that Satan keeps under with false peace whose life is nothing but a diversion to present contentments and a running away from God and their own hearts which they know can speak no good unto them these speak peace to themselves but God speaks none Such have nothing to do with this scripture the way for these men to enjoy comfort is to be soundly troubled True peace arises from knowing the worst first and then our freedom from it It is a miserable peace that ariseth from ignorance of evil The angel troubled the waters John v and then cured those that stepped in It is Christ's manner to trouble our souls first and then to come with healing in his wings But there is another sort of people who being drawn out of Satan's kingdom and within the covenant of grace whom Satan labours to unsettle and disquiet being the god of the world he is vexed to see men in the world walk above the world Since he cannot hinder their estate he will trouble their peace and damp their spirits and cut asunder the sinews of all their endeavours

Ravished by Beauty Belden C. Lane, 2011-04-21 In this novel exploration of Reformed spirituality Belden C Lane uncovers a green theology that celebrates a community of jubilant creatures of all languages and species Lane reveals an ecologically sensitive Calvin who spoke of himself as ravished by the earth s beauty He speaks of Puritans who fostered a lusty spirituality in which Christ figured as a lover who encouraged meditation on the wonders of creation He presents a Jonathan Edwards who urged a sensuous enjoyment of God s beauty as the only real way of knowing God Lane argues for the double irony of Reformed spirituality showing that Calvinists who often seem prudish and proper are in fact a people of passionate desire Similarly Reformed Christians who appear totally focused on divine transcendence turn out at times to be closet nature mystics exulting in God s glory everywhere Lane also demonstrates however that a spirituality of

desire can be derailed ending in sexual excess and pantheism Ecologically holy longing can be redirected from a contemplation of God's splendor in the earth's beauty to a craving for land itself resulting in disastrous misuse of its resources Between the major chapters of the book are engaging personal essays drawn from the author's own love of nature as a Reformed Christian and providing a thoughtful discussion of contemporary issues of species diversity and the honoring of an earth community

People of Paradox Michael Kammen, 2012-10-03 In this major interpretive work Mr Kammen argues that most attempt to understand America's history and culture have minimized its complexity and he demonstrates that from our beginnings what has given our culture its distinctive texture pattern and thrust is the dynamic interaction of the imported and the indigenous He shows how during the years of colonization especially in the century from 1660 to 1760 many ideas and institutions were transferred virtually unchanged from Britain while simultaneously others were being transformed in the New World environment As he unravels the tangled origins of our bittersweet culture Mr Kammen makes us see that unresolved contradictions in the American experience have functioned as the prime characteristic of our national style Puritanical and hedonistic idealistic and materialistic peace loving and war mongering isolationist and interventionist consensus minded and conflict prone these opposing strands go back to the roots of our history He pursues them down through the seventeenth and eighteenth centuries from the traumas of colonization and settlement through the tensions of the American Revolution making clear both the relevance of this early experience to nineteenth and twentieth century realities and the way in which America's dualisms have endured and accumulated to produce such dilemmas as today's poverty amidst abundance and legitimized lawlessness Far from being a study in social pathology *People of Paradox* is a depiction of a complex society and an explanation of its development a bold interpretation that gives an entirely new perspective to the American ethos
