ReAwakening Dr. Bobby M. Wagner,2020-04-26 Within the pages of this book is life giving water for a church and a people that often don t know they re thirsty Despite technological theological and sociological advances and the ability and platform to spread the Gospel like never before the church of Jesus Christ continues to lose effectiveness and become divided over theological and doctrinal issues This is because it has lost its identity an identity characterized by God s love power joy

purpose and meaning an identity reflecting God's glory to a fallen world The question is how do we get back to the place where God intended us to be Although God wants us to move on to maturity sometimes we have to lay again the foundation ReAwakening The Power of the Gospel reminds us of the basics With so many Christians fighting over correct doctrine this book presents our Christian doctrinal foundation Why are we here What is our identity What is the Good News What do we need to do to be saved Pastor and author Dr Bobby Wagner answers all of those questions and more ReAwakening clearly attempts to present all the theological and doctrinal truths surrounding the Gospel **The Church and the World** Orby Shipley,1868 **Lectures on Faith & Fatherland** Thomas Burke,2023-11-15 Reprint of the original first published in 1874

Companion to the Summa Theologica Vol. 4 Walter Farrell O.P.,2011-08 It is not hard to admire St Thomas Aquinas immovably caught in the splendor of a stained glass window it is easy to pay tribute to his Summa Theologica as long as it remains high on a bookshelf giving character to a library Under these circumstances we of the twenty first century can read about them both talk about them enthusiastically but pretty much leave them both alone To have Thomas walking among us his book opened on our desks for serious study now that is altogether something else Aquinas is one who regardless of your placement on your spiritual journey Aquinas is the basis for so much of what we have come to regard as dogma This work is essential to not only understanding Aquinas's other works but also our own journey These issues which he presents are not only fundamental for many they are stumbling blocks for others they tend to be work around issues These writings are the basics and yet essential works out of the plethora of works Aquinas has written **Social Catholicism for the Twenty-First Century?--Volume 1** William F. Murphy,2024-09-12 This first of two volumes introduces the tradition of

social Catholicism not only in its earlier realizations but regarding how a contemporary renewal might address the crisis in which constitutional democracies and the postwar liberal order are under assault by populist and even neo fascist movements that could soon usher in a frighteningly dark future unless a broad movement in defense of constitutional democracy quickly arises In this context some of the most influential voices among American Catholics are focused on criticizing liberal democracy on advocating a postliberal order and the establishment of a Catholic integralist state or on insisting that abortion should be the primary sociopolitical concern for Catholics treating these threats to democracy as largely irrelevant This volume shows the rich tradition of social Catholicism and how the Social Doctrine of the Church came to appreciate the key tenets of constitutional democracy As Pope Benedict XVI wrote this social doctrine leads us to take a stand for the common good to take the institutional or political path of charity to be solicitous for the institutions that give structure to the life of society juridically civilly politically and culturally It engages some of the most influential contemporary Catholic thinkers and argues that they too should recognize the grave threats facing the human family and join in working to defend and renew our constitutional democracy *Companion to the Summa Theologica: The pursuit of happiness* (corresponding to the *Summa theologica Ia IIae*) Walter Farrell, 2009-01-01
