The Tao Of Sales The Easy Way To Sell In Tough Times:

The Tao of Sales E. Thomas Behr, 1997 *The Tao of Sales* E. Thomas Behr, 1997 Every business person knows that the old approaches to selling just don't work any more Focused on applying the principles of the Tao to dealing with others this book shows readers how to succeed in a new and unfamiliar customer driven world The Tao of Sales guides readers along a transformational path so that they think and act in harmony with the changing times in which we live Selling Spirituality Jeremy R. Carrette, Richard King, 2005 Selling Spirituality shows how spirituality today functions as a powerful commodity in the global marketplace promising to soothe away the ills of modern life whilst functioning as a silent form of economic cultural and political restraint Dreamcrafting Paul Levesque, Art McNeil, 2003-02-16 Many people set out to achieve a dream starting a business or learning to play the piano or publishing a book but they don't succeed and the dream fizzles away In many cases these people have lots of skills and expertise such as deep knowledge of the business or career they are interested in so why don't they succeed Paul Levesque and Art McNeil have discovered that making a dream come true requires cultivating skills of a higher order macroskills that inevitably spell the difference between success and failure no matter what the specifics of a person's dreams are These are the skills Dreamcrafting outlines in detail Vocation and the Politics of Work Jeffrey Scholes, 2013-03-08 Since Martin Luther vocations or callings have had a close relationship with daily work It is a give and take relationship in which the meaning of a vocation typically negotiates with the kinds of work available and vice versa at any given time While vocation language still has currency in Western culture today's predominant meaning of vocation has little to do with the actual work performed on a job Jeffrey Scholes contends that recent theological treatments of the Protestant concept of vocation both academic and popular often unwittingly collude with consumer culture to circulate a concept of vocation that is detached from the material conditions of work The result is a consumer friendly vocation that is rendered impotent to inform and if necessary challenge the political norms of the workplace For example he classifies Rick Warren's concept of purpose in his best selling book *The Purpose Driven Life* as a functional equivalent of vocation that acts in this way Other popular uses of vocation along with insights culled from traditional theology and consumer culture studies help Scholes reveal the current state of vocations in the West Using recent scholarship in the field of political theology he argues that resisting commodification is a possibility and a prerequisite for a political vocation if it is at all able to engage the norms that regulate and undermine the pursuit of justice in many modern workplaces
