The Story of the Pony Express Illustrated Glenn Danford Bradley,2020-09-19 The Pony Express was a mail service delivering messages newspapers and mail using relays of horse mounted riders that operated from April 3 1860 to October 1861 between Missouri and California The Story of the Pony Express Glenn D. Bradley,2010-02 While lasting praise is due the faithful station men who in their isolation so often bore the murderous attacks of Indians and bandits it is perhaps to the riders that the seeker of romance is most likely to turn It was the riders skill and fortitude that made the operation of the line possible Both riders and hostlers shared the same privations often being reduced to the necessity of eating wolf meat and drinking foul or brackish water

The Story of the Pony Express Glenn D. Bradley,2016-07-12 The Pony Express was the first rapid transit and the first fast mail line across the continent from the Missouri River to the Pacific Coast It was a system by means of which messages were carried swiftly on horseback across the plains and deserts and over the mountains of the far West It brought the Atlantic coast and the Pacific slope ten days nearer to each other It had a brief existence of only sixteen months and was supplanted by the transcontinental telegraph Yet it was of the greatest importance in binding the East and West together at a time when overland travel was slow and cumbersome and when a great national crisis made the rapid communication of news between these sections an imperative necessity
