each country as well as individual biographies of its most influential *The Art of Women in Contemporary China* Patricia Eichenbaum Karetzky, 2020-01-08 This book presents in eight chapters the work of over 75 Chinese female artists both pictorial and poetic Their art is viewed within a framework of eight themes The broad topics explored include the body life the representation of the experience of being a woman home and the world a view of children and other women clothes social conscience fantasy and abstraction nonfigurative work and its viability as a medium to express the spiritual These themes provide several lenses through which to enjoy and compare these artists approaches and outputs The volume is unique in its inclusion of poetry by contemporary women whose voices articulate so many of the same concerns as the visual artists In China poetry has always been the prime form of artistic expression and it remains so today Looking at this poetry affords us a different means of appreciating the art of women in contemporary society **The Golden Key: Modern Women Artists and Gender Negotiations in Republican China (1911-1949)** Amanda Wangwright, 2021-08-16 The first monograph devoted to women artists of the Republican period The Golden Key recovers the history of a groundbreaking yet forgotten force in China's modern art world Through its detailed examination of the lives and careers of six female artists Guan Zilan Qiu Ti Pan Yuliang Fang Junbi Yu Feng and Liang Baibo this book argues that women were central to the emergence of modernist art in early twentieth century China and to the nation's larger modernization project Amanda S Wangwright's analysis of a wealth of primary sources demonstrates how these women constructed public personas negotiated space within art societies applied feminist thought to their artistic praxis and surmounted obstacles to their careers wielding art as the golden key to professional advancement and gender equality **Women's Poetry of Late Imperial China** Xiaorong Li, 2013-05-03 This study of poetry by women in late imperial China examines the metamorphosis of the trope of the inner chambers *gui* to which women were confined in traditional Chinese households and which in literature were both a real and an imaginary place Originally popularized in sixth century palace style poetry the inner chambers were used by male writers as a setting in which to celebrate female beauty to lament the loneliness of abandoned women and by extension to serve as a political allegory for the exile of loyal and upright male ministers spurned by the imperial court Female writers of lyric poetry *ci* soon adopted the theme beginning its transition from male fantasy to multidimensional representation of women and their place in society and eventually its manifestation in other poetic genres as well Emerging from the role of sexual objects within poetry late imperial women were agents of literary change in their expansion and complication of the boudoir theme While some take ownership and de eroticizing its imagery for their own purposes adding voices of children and older women and filling the inner chambers with purposeful activity such as conversation teaching religious ritual music sewing childcare and chess playing some simply want to escape from their confinement and protest gender restrictions imposed on women *Women's Poetry of Late Imperial China* traces this evolution across centuries providing and analyzing examples of poetic themes motifs and imagery associated with the inner chambers and demonstrating the complication and nuancing of the *gui*

Gendered Bodies Shuqin Cui,2015-10-31 Gendered Bodies introduces readers to women's visual art in contemporary China by examining how the visual process of gendering reshapes understandings of historiography sexuality pain and space When artists take the body as the subject of female experience and the medium of aesthetic experiment they reveal a wealth of noncanonical approaches to art The insertion of women's narratives into Chinese art history rewrites a historiography that has denied legitimacy to the woman artist The gendering of sexuality reveals that the female body incites pleasure in women themselves reversing the dynamic from woman as desired object to woman as desiring subject The gendering of pain demonstrates that for those haunted by the sociopolitical past the body can articulate traumatic memories and psychological torment The gendering of space transforms the female body into an emblem of landscape devastation remaps ruin aesthetics and extends the politics of gender identity into cyberspace and virtual reality The work presents a critical review of women's art in contemporary China in relation to art traditions classical and contemporary Inscribing the female body into art generates not only visual experimentation but also interaction between local art cultural production and global perception While artists may seek inspiration and exhibition space abroad they often reject the Western label feminist artist An extensive analysis of artworks and artists both well and little known provides readers with discursively persuasive and visually provocative evidence Gendered Bodies follows an interdisciplinary approach that general readers as well as scholars will find inspired and inspiring **The A to Z of Taoism** Julian F.
