The Dial ,1916 **A Little Book of Christmas** John Kendrick Bangs, Cyrus Townsend Brady, 2020-09-28 He was only a little bit of a chap and so when for the first time in his life he came into close contact with the endless current of human things it was as hard for him to stay put as for some wayward little atom of flotsam and jetsam to keep from tossing about in the surging tides of the sea His mother had left him there in the big toy shop with instructions not to move until she came back while she went off to do some mysterious errand She thought no doubt that with so many beautiful things on every side to delight his eye and hold his attention strict obedience to her commands would not be hard But alas the good lady reckoned not upon the magnetic power of attraction of all those lovely objects in detail She saw them only as a mass of wonders which in all probability would so dazzle his vision as to leave him incapable of movement but Little Billee was not so indifferent as all that When a phonograph at the other end of the shop began to rattle off melodious tunes and funny jokes in spite of the instructions he had received off he pattered as fast as his little legs would carry him to investigate After that forgetful of everything else finding himself caught in the constantly moving stream of Christmas shoppers he was borne along in the resistless current until he found himself at last out upon the street alone free and independent It was great fun at first By and

by however the afternoon waned the sun as if anxious to hurry along the dawn of Christmas Day sank early to bed and the electric lights along the darkening highway began to pop out here and there like so many merry stars come down to earth to celebrate the gladdest time of all the year Little Billee began to grow tired and then he thought of his mama and tried to find the shop where he had promised to remain quiet until her return Up and down the street he wandered until his little legs grew weary but there was no sign of the shop nor of the beloved face he was seeking Once again and yet once again after that did the little fellow traverse that crowded highway his tears getting harder and harder to keep back and then joy of joys whom should he see walking slowly along the sidewalk but Santa Claus himself The saint was strangely decorated with two queer looking boards with big red letters on them hung over his back and chest but there was still that same kindly gray bearded face the red cloak with the fur trimmings and the same dear old cap that the children s friend had always worn in the pictures of him that Little Billee had seen **Monthly Bulletin** St. Louis Public Library,1916
