FundsForWriters.com *American Catholic Bishops and the Politics of Scandal* Meaghan O'Keefe, 2019-04-18 This book explores the rhetoric and public communication of the Catholic Church in the United States in the wake of the sexual abuse scandals and offers a demonstration of how large organizations negotiate a loss of public trust while retaining political power While the Catholic Church remains a major political force in the United States recent scandals have undoubtedly had an adverse effect on both its reputation and moral authority This has been exacerbated by the public responses of Catholic clergy which have often left supporters of the Church let alone critics profoundly unsatisfied Drawing on documents voting guides pastoral letters sermons press releases and other materials issued by the United States Conference of Catholic Bishops USCCB as well as American nuns the book explores Catholic political statements issued after the sexual abuse crises entered the public consciousness Using approaches from linguistics and rhetoric it analyses how these statements compare to similar materials issued before this time This comparison demonstrates that for the American Catholic Church persuasion is less important than maintaining the impression that there has been no loss of authority This is a timely study of the Catholic Church's handling of the recent revelations of abuse within the Church As such it will be of keen interest to scholars of religious rhetoric contemporary Catholicism linguistics rhetoric communication and religious studies Priests' Perceptions of the Leadership Styles of U.S. Catholic Bishops Father Aloysius O. Geopolitics of Global Catholicism Petr Kratochvíl, 2024-05-29 Geopolitics of Global Catholicism uncovers the key trends in today s Catholicism providing an incisive analysis of its deep entanglement with national regional as well as global politics This book offers an exciting exploration of five versions of local Catholicism s and sheds light on the various theo political constellations that not only differ widely across these national contexts but also have global geopolitical consequences It is built around a novel theoretical argument showing that Catholic geopolitics contains not only a spatial dimension as classic geopolitical studies would have it but also a temporal one As a consequence the Catholic role in the world cannot be simply understood as a result of the spatial expansion of the Church but rather as a result of the complex relationships between Catholicism and colonization inculturation backwardness and modernization s To counter the lingering Eurocentrism of most studies of the Catholic Church this book s case studies explore Catholic geopolitics in five non European contexts focusing mainly on the Global South plus the United States Latin America Brazil North America the United States Asia India and China and Africa the Democratic Republic of the Congo These case studies also show that the successes and failures of Catholicism cannot be

explained by a recourse to a single top down interpretation of Catholic geopolitics but rather by exploring the various Catholic spatio temporal constellations on the global regional and local levels With the accelerating diversification of the Church and the growing role of the Global South these local and regional influences gain further importance as they are likely to increasingly define the future of Catholicism This book will be of utmost interest to scholars of International Relations Religious Studies Political Science and Theology as well as Geopolitics especially to those studying the global rise of religion Its accessible language will also appeal to the wider public beyond academia especially those interested in global Christianity as well as church leaders and members of Catholic organizations **Liturgy with Style and Grace** Gabe Huck,2020-03-06
