Lecture Guide and Learning Activities to Accompany Using & Understanding Mathematics: a Quantitative Reasoning Approach, 5th Edition, Jeffrey Bennett and William Briggs Judith McKnew, 2010 Mathematics for Social Justice Gizem Karaali, Lily S. Khadjavi, 2021-11-15 Mathematics for Social Justice Focusing on Quantitative Reasoning and Statistics offers a collection of resources for mathematics faculty interested in incorporating questions of social justice into their classrooms. The book comprises seventeen classroom tested modules featuring ready to use activities and investigations for college mathematics and statistics courses. The modules empower students to study issues of social justice and to see the power and limitations of mathematics in real world contexts of deep concern. The primary focus is on classroom activities where students can ask their own questions, find and analyze real data, apply mathematical ideas themselves, and draw their own conclusions. Module topics in the book focus on technical content that could support courses in quantitative reasoning or introductory statistics. Social themes include electoral issues, environmental justice, equity, inequity, human rights, and racial justice, including topics such as gentrification, partisan gerrymandering, policing, and more. The volume editors are leaders of the national movement to include social justice material in mathematics teaching and jointly edited the earlier AMS/MAA volume *Mathematics for Social Justice: Resources for the College Classroom*. Gizem Karaali is Professor of Mathematics at Pomona College. She is a past chair of the Special Interest Group of the MAA on Quantitative Literacy (SIGMAA QL). She is one of the founding editors of *The Journal of Humanistic Mathematics*, senior editor of *Numeracy*, and an associate editor for *The Mathematical Intelligencer*; she also serves on the editorial board of the MAA's *Classroom Resource Materials* series. Lily Khadjavi is Professor and Chair of Mathematics at Loyola Marymount University and is a past co-chair of the Infinite Possibilities Conference. In 2020, she was appointed by the California State Attorney General to the Racial and Identity Profiling Act Board, which works with the California Department of Justice. She currently serves on the editorial board of the MAA's *Spectrum* series and the Human Resources Advisory Committee for the Mathematical Sciences Research Institute in Berkeley.
