theme was raised as an effort to observe the development of new technology that has greatly affected people's lives. Formerly to seek information people can get it through conventional radio, media, newspapers, and television. But now only use the smartphone we can get very much information that can be obtained by accessing the online media portal or sharing and socializing through social media. For decades it has been stated that the media has the power to shape public opinion. Media not only can form a worldview of society but also able to create awareness and individual belief in reality, a reality that has been defined by the media. Media has a powerful and direct effect to the audience market. Including how then the media formed an opinion in the community about gender roles through the content provided by the new media. Of course it will be interesting to study media related to the law, social, and economic perspective.
