The Web We Weave Jeff Jarvis, 2024-10-08 A bold defense of the internet arguing attempts to fix and regulate it are often misguided essential reading for anyone who cares about the future of the internet Taylor Lorenz author of *Extremely Online* The internet stands accused of dividing us spying on us making us stupid and addicting our children In response the press and panicked politicians seek greater regulation and control which could ruin the web before we are finished building it Jeff Jarvis is convinced we can have a saner conversation about the internet Examining the web s past present and future he shows that many of the problems the media lays at the internet s door are the result of our own failings The internet did not make us hate we brought our bias bigotry and prejudice with us online That s why even well intentioned regulation will fail to fix hate speech and misinformation and may instead imperil the freedom of speech the internet affords to all Once we understand the internet for what it is a human network we can reclaim it from the nerds pundits and pols who are in charge now and turn our attention where it belongs to fostering community conversation and creativity online *The Web We Weave* offers an antidote to today s pessimism about the internet outlining a bold vision for a world with a web that works for all of us

A Nonviolent Theology of Love Sharon L. Baker Putt, 2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God s desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance
