What if one of the most effective tools you have to restore your health is not surgery or medications but your own hands? Incredibly, your hands can heal you with the energy medicine of Pranic Healing. A powerful system that is rapidly increasing in popularity, Pranic Healing works with your own natural vital energy which is also called prana to accelerate your body's innate self-healing ability. Amazingly easy to learn and apply, Pranic Healing uses a series of powerful but simple methods to generate energy including non-touch hand movements, energetic hygiene (the practice of keeping your personal energy tank clean and full), breathing, and brief meditations. Using these unique techniques, you can identify and purify unhealthy, imbalanced energy and replace it with fresh energy that helps your body heal itself from a wide range of physical, psychological, and emotional symptoms and disorders. A self-healing guide for 24 ailments including physical and sports injuries, chronic arthritis, irritable bowel syndrome, insomnia, hypertension, headaches, backaches, congestion, and colds, menstrual cramps, even depression and stress-related disorders is included. With step-by-step instructions, line drawings, and numerous real-life medical stories, Your Hands Can Heal You demonstrates and explains a revolutionary program that anyone can use to harness the energy of body, mind, and breath to produce health and facilitate repair. Personally trained by Grand Master Choa Kok Sui, who developed Pranic Healing, the authors, Master Co and Dr. Robins, provide the same detailed guidance in Your Hands Can Heal You as in the popular Pranic Healing workshops. Additionally, they present for the first time in any book the Grandmaster's special modifications to the breathing practices that can dramatically increase your power and energy and rejuvenate and balance your physical, emotional, mental, and spiritual body. This exciting new mind-body health reference proves that you can heal yourself with your own two hands.

You Can Heal Yourself Julie K. Silver, 2012-01-31

How to heal faster, better, and stronger during recovery from a serious illness or injury: a Harvard doctor's complete recovery plan. When people are seriously ill or injured, they receive immediate and often life-sustaining treatment. Then, at some point, they are usually left to their own devices to finish healing. At the time that patients are discharged from treatment or their doctors tell them, "I don't have anything else I can offer you," they are often shifted into a zone where they are better than at their sickest point but not as healthy as they once were. This zone between illness and good health is where rehabilitation specialists focus. Dr. Silver calls this area of medicine where physiatrists work "The Healing Zone." This is the place where doctors are most concerned with physical and emotional healing after an injury or illness. Our bodies are amazing in their capacity to heal; however, people can be taught how to heal faster, better, and stronger both physically and emotionally. You Can Heal Yourself offers the strategies needed to achieve optimal healing.
