Whats Next God Israel And The Future Of Iraq:

What's Next? Charles H. Dyer, 2004-01-01 Charles Dyer a Middle East expert and officially licensed Israel tour guide helps sort out the complexities of Mideast violence the ancient hatreds and the current crises His extensive travel in Iraq Israel and elsewhere allows him to offer a unique you are there perspective Weaving together expert insight personal stories and the view of faith Dyer guides us on a remarkable journey through a treasured and tortured land

The Global Politics of Jesus Nilay Saiya, 2022 A unique timely and wide ranging book that formulates and applies an ethic of Jesus to the realm of global politics Since the fourth century Christians have wrestled with how they should interact with political authority The most common view holds that while their ultimate loyalty rightfully belongs to God Christians also have allegiance to their countries and a moral responsibility to transform their political systems In *The Global Politics of Jesus* Nilay Saiya provides a normative critique of this conventional view and advances an alternative approach While it may seem natural for the church to fervently engage in political life and cultivate a close relationship with the state Saiya argues that such beliefs result in a paradox of privilege As he shows when the church yields to the seduction of political power when enjoying the benefits of an alliance with the state it struggles to adhere to its tenets and when it resists the allure of state power it does its best work This unique and wide ranging book examines the paradox of privilege in some of the most important areas of global politics and considers its implications for the church itself

The Electronic Church in the Digital Age Mark Ward Sr., 2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices

Evangelical Christian Responses to Islam Richard McCallum, 2024-02-08 Do Christians and Muslims worship the same God Who was Muhammad How does the Israeli Palestinian conflict affect Christian Muslim relations This is a book about Evangelical Christians and how they are answering challenging questions about Islam Drawing on over 300 texts published by Evangelicals in the first two decades of the twenty first century this book explores what the Evangelical micro public sphere has to say about key issues in Christian Muslim

relations today From the books they write the blogs they post and the videos they make it is clear that Evangelical Christians profoundly disagree with one another when discussing Islam Answers to the questions range from seeing Muslims as the enemy posing an existential threat to Christians through to welcoming them as good neighbours or even as close cousins

American Christians and Islam Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world American Christians and Islam is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today

Charting the Supernatural Judgements of Planet Earth

Jerimiah Asher, 2010-08-10 Chapter 3 The First Judgment The World Prior To Adam There may have been many judgments upon the earth since its beginning millions or billions of years ago however the present commentary will deal only with the last tens of thousands of years of earth's existence In Genesis 1:2 the verses written by Moses as author of the Genesis account portray an earth that was veiled in darkness so that its form could not be discerned The earth at that time was covered with water ice high above the mountain tops so that it gave the appearance of being a dark revolving sphere of frozen water Table 2 God's spirit is described as hovering over this revolving ball of water and brooding over the sad condition of this dark void planet God did not create a dark and dismal planet at the beginning because God does not create darkness in fact darkness is incompatible with His existence and presence So what had happened that God viewed Gen 1:2 such a decrepit state of the world Does scripture attempt to explain this phenomenon or does the inspired word of God remain silent on this issue It was first proposed as a theory by the Scotsman Thomas Chalmers in the early 19th century that a gap in time existed between Genesis 1:1 and Genesis 1:2 This gap in time would encompass a ruin reconstruction theme and the existence of pre-Adamic living beings Obviously a huge catastrophic event would have had to occur to produce this

decadent state of the world The gap concept was later popularized by mention in the margin notes of the Scofield Reference Bible

Faith and Oil K. L. Marshall, 2020-04-24 Faith and Oil tells the story of conservative Christianity's relationship with America's oil industry It shows how the libertarian values of big oil companies such as government deregulation of business practices and curbing laws that protect the environment became embedded within the theologies of the Religious Right These theologies of oil later found their being in the public consciousness through the rise of Sarah Palin and led to the election of Donald Trump

Why the End of the World is Not in Your Future Gary DeMar, 2008 **The Publishers Weekly**, 2004

What's Next? Israel-Gaza War Jimmy Evans, Mark Hitchcock, 2023-11-02 Are you ready to take a stand The world is closely watching Israel following a severe conflict with Hamas As tensions escalate the potential for a broader regional conflict looms What implications does this hold for Israel's future and biblical prophecy This insightful book delves into Israel's historic and prophetic role in God's plan Authors Jimmy Evans and Mark Hitchcock offer perspective on the Biblical foundations for Israel's claim to the land Intricate history of the Israeli Palestinian dispute Emergence of radical Islam and the rise of anti-Semitism Prophecies concerning Israel in the End Times Ways Christians can pray for and stand with Israel God assures blessing for those who bless Israel As global sentiment shifts understanding Israel's importance is crucial Equip yourself with knowledge and stand with Israel in these pivotal moments
