When The Facts Change Essays 1995 201:

When the Facts Change Tony Judt, 2015-01-22 In an era of growing anti intellectualism Judt's essays remind us of what we gain when we stick fast to high ethical and intellectual standards and what is lost when we let them slip Mark Mazower Financial Times Scintillating journalism This collection is a reminder of Judt's clear mind and prose and as Homans says in her lovely introduction his fidelity to hard facts and to honest appraisal of the modern scene Samuel Moyn The New York Times Book Review In an age in which the lack of independent public intellectuals has often been sorely lamented the historian Tony Judt played a rare and valuable role bringing together history and current events Europe and America what was and what is with what should be In When the Facts Change Tony Judt's widow and fellow historian Jennifer Homans has assembled an essential collection of the most important and influential pieces written in the last fifteen years of Judt's life the years in which he found his voice in the public sphere Included are seminal essays on the full range of Judt's concerns including Europe as an idea and in reality before 1989 and thereafter Israel the Holocaust and the Jews American hyperpower and the world after 9 11 and issues of social inclusion and social justice in an age of increasing inequality Judt was at once most at home and in a state of what he called internal exile from his native England from Europe and from America and he finally settled in New York between them all He was a historian of the twentieth century acutely aware of the dangers of ethnic exceptionalism and if he was shaped by anything it was the Jewish past and his own secularism His essays on Israel ignited a firestorm debate for their forthright criticisms of Israeli government policies relating to the Palestinians and the occupied territories Those crucial pieces are published here in book form for the first time including an essay never previously published called What Is to Be Done These pieces are suffused with a deep compassion for the Israeli dilemma a compassion that instilled in Judt a sense of responsibility to speak out and try to find a better path away from what he saw as a road to ruin When the Facts Change also contains Judt's homages to the culture heroes who were some of his greatest inspirations Amos Elon Francois Furet Leszek Kolakowski and perhaps above all Albert Camus who never accepted the complacent view that the problem of evil couldn't lie within us as well as outside us Included here too is a magnificent two part essay on the social and political importance of railway travel to our modern conception of a good society as well as the urgent text of What Is Living and What Is Dead in Social Democracy the final public speech of his life delivered from a wheelchair after he had been stricken with a terrible illness and a tender and wise dialogue with his then teenage son Daniel about the different outlooks and burdens of their two generations To read When the Facts Change is to miss Tony Judt's voice terribly but to cherish it for what it was and still is a wise human deeply informed view on our most pressing concerns delivered in good faith

Courts, Justice, and Efficiency Hector Fix-Fierro, 2003-12-31 This study explores the socio legal context of economic rationality in the legal and judicial systems It examines the meaning and relevance of the concept of efficiency for the operation of courts and court systems seeking to answer questions such as in what sense can we say that the adjudicative process works efficiently What are the relevant criteria for the measurement and assessment of court efficiency Should the courts try to operate efficiently and to what extent is this viable What is the proper relationship between efficiency and justice considerations in a judicial proceeding To

answer these questions a conceptual framework is developed on the basis of empirical studies and surveys carried out mainly in the United States Western Europe and Latin America Two basic ideas emerge from it First economic rationality has penetrated the legal and judicial systems at all levels and dimensions from the level of society as a whole to the day to day operation of the courts from the institutional dimension of adjudication to the organizational context of judicial decisions Far from being an alien value in the judicial process efficiency has become an inseparable part of the structure of expectations we place on the legal system Second economic rationality is not the prevalent value in legal decision making as it is subject to all kinds of constraints local conditions and concrete negotiations with other values and interests
