

When Pregnancy Fails

Amanda Gallegos

When Pregnancy Fails:

How Husbands Cope when Pregnancy Fails John R. Snarey, 1986 **When Pregnancy Fails** Susan Borg, Judith Lasker, 1989 When first published in 1981 this book was widely hailed as a pathbreaking guide for parents who had experienced miscarriage stillbirth or infant death The new edition includes a new chapter on ectopic pregnancy and a report on how failed pregnancy affect parents **Death And Trauma** Charles R. Figley, Brian E. Bride, Nicholas Mazza, 2022-09-16 First published in 1997 Although the fields of thanatology and traumatology have received robust attention during their parallel development little effort has been made to address their overlapping territory This volume is the first attempt to do so Specifically the purpose of this book is fourfold First is to provide a theoretical bridge between the two fields by providing conceptual terminology such as defining normal versus dysfunctional bereavement and the meaning and range of death related PTSD The second confirms and illustrates the identical patterns of reactions between those who survive the death of a loved one and those who survive other traumatic events Next the book applies the most useful theoretical models to the bereavement experience and in turn acknowledges the utility of generalizing bereavement models to other traumatic experiences in doing so the two fields can enrich each other Similarly the volume s final purpose is to identify and apply the most useful and effective approaches in traumatology literature to the study diagnosis and treatment of traumatic stressors other than death **When Walking Fails** Lisa Iezzoni, 2003-06-10 Roughly one in ten adult Americans find their walking slowed by progressive chronic conditions like arthritis back problems heart and lung diseases and diabetes In this passionate and deeply informed book Lisa I Iezzoni describes the personal experiences of and societal responses to adults whose mobility makes it difficult for them to live as they wish partly because of physical and emotional conditions and partly because of persisting societal and environmental barriers Basing her conclusions on personal experience a wealth of survey data and extensive interviews with dozens of people from a wide social spectrum Iezzoni explains who has mobility problems and why how mobility difficulties affect people s physical comfort attitudes daily activities and relationships with family and friends throughout their communities strategies for improving mobility and how the health care system addresses mobility difficulties providing and financing services and assistive technologies Iezzoni claims that although strategies exist to improve mobility many people do not know where to turn for advice She addresses the need to inform policymakers about areas where changes will better accommodate people with difficulty walking This straightforward and engaging narrative clearly demonstrates that improving people s ability to move freely and independently will enhance overall health and quality of life not only for these persons but also for society as a whole **Walk That Mile** Amanda Gallegos, 2011-09-22 This book is full of poetry on almost every subject you could imagine If it can happen chances are I survived it I have learned to channel my emotions into poetry so that I could survive all the good and bad in my life It is my hope to share these poems with you in hope that you can finally find solace in knowing that YOU ARE NOT ALONE When you feel alone just remember I have been

there I have Walked That Mile *Ian Donald's Practical Obstetric Problem, 6/e* Renu Misra, 2006 The new edition aims to provide the latest evidence based clinical practical how it do it approach Besides the basic antenatal care of a normal gravida the management of high risk pregnant women by virtue of their age obstetric history associated medical or obstetric disorders has been addressed comprehensively The chapters on prenatal diagnosis and ultrasound have been elaborated and updated conforming to the needs of the modern day obstetrician Endeavours has been made to preserve the flavour of the earlier edition including many of the experiences and anecdotes described by Professor Ian Donald **When IVF Fails** K. Throsby, 2004-08-19 In spite of the fact that almost eighty percent of all IVF cycles are unsuccessful the dominant representations of the technology are of its success Based on extensive interviews with women and couples who have undergone IVF unsuccessfully and who have since stopped treatment and taking an overtly feminist approach the book explores the ways in which IVF failure is experienced and accounted for The book argues that IVF failure and the end of treatment have to be carefully managed over time in order to construct the self as normal in the profoundly gendered context of reproductive normativity Treatment failure is identified in the book not only as a central but largely excluded aspect of the experience of IVF but also of a proliferating range of new more controversial reproductive and genetic technologies

Communication Skills For Midwives: Challenges In Everyday Practice England, Carole, Morgan, Ransolina, 2012-09-01 This book is easy to read and has relevant content for student midwives with inclusion of reflective activities which are clear and appropriate I particularly like the vignettes which are relevant and explore the challenges that midwives face The script like format of these adds a further layer to the narratives and the inclusion of non verbal communication as well is excellent This will be an essential text for all student midwives Mary Beadle Midwifery Lecturer Faculty of Health and Social Care University of Hull UK Communication Skills for Midwives is a unique book that focuses not only on fundamental communication issues but goes much further by including the many difficult and tricky issues experienced within contemporary midwifery practice This much needed text provides detailed and comprehensive information which is reinforced by illustrations vignettes and activities that engage the reader from the beginning This is an excellent resource for students practitioners and educators Nicky Clark Lead Midwife for Education University of Hull UK This book covers many poignant examples of difficult and challenging communication that midwives face in everyday practice It covers both every day aspects of care such as facilitating choice and less common experiences like responding to domestic violence This book is unique and would be good bedtime reading for any midwife Tandy Deane Grey Senior Midwifery Lecturer University of Hertfordshire UK This comprehensive and reader friendly text utilises a variety of strategies to aid understanding and application to practice Each chapter has clear aims to address a challenging situation that readers will readily identify with and provides an excellent mix of vignettes reflective activities text and diagrams to support the development of knowledge and skills Heather Passmore Senior Lecturer UCS UK This is the first book on communication

skills to explore the more challenging contexts and circumstances that midwives encounter in practice As these occur infrequently and often unexpectedly in the daily practice of many midwives they may find it difficult to communicate effectively to alleviate the situation Knowing what to say and how to say it is part of this dilemma The book uses case vignettes reflective questions illustrations tools and techniques to provide the evidence base needed to cope effectively in a range of situations by offering support to enhance your communication skills Communication Skills for Midwives explores challenges relating to Negotiating with others within inter professional and inter agency teams Working with minority groups Breaking significant news when labour threatens the life of a baby Telling parents that their baby has an abnormality Coping with loss and bereavement Addressing issues of domestic abuse Importantly the book provides information on how thoughts and feelings may be expressed both through body language and in words Taking a practical and problem solving approach the book will help you to enhance your learning and improve interaction with your colleagues the women you care for and their families

Creative Interventions in Grief and Loss Therapy Thelma Duffey, 2015-07-22 Get the tools to help the grief that comes when a dream dies Every person at one time or another suffers when his or her dreams are shattered Creative Interventions in Grief and Loss Therapy When the Music Stops a Dream Dies provides truly innovative approaches to therapeutically help individuals work through and survive grief and loss Leading experts explore creative interventions for common yet emotionally devastating problems faced by those weathering the storms of grief after their dream has been destroyed Therapists and counselors get the effective tools to creatively help people through the difficulties of dealing with death addiction trauma changes in life circumstances divorce heartbreak miscarriage co occurring mental health and substance use disorder COD suicide adoption and issues with children The chapters in this innovative volume cite existing research on specific grief and loss issues and illustrate a clinical application for each situation using various creative mediums such as music writing or ritual Each approach can be expanded and modified with care by clinicians of all types to better help clients through the process This resource is extensively referenced Topics in Creative Interventions in Grief and Loss Therapy include how storytelling journaling and correspondence can be used to process the experience of a counselor s loss following the death of their client using psychodrama and the utilization of empty chair techniques to address addiction related grief and loss the use of rituals as an intervention to help clients trauma and loss during times of natural disasters the process of gatekeeping by counselor educators Emotional Freedom Technique EFT as an approach to help student athletes deal with life after the sport a literary exercise to help clients work toward forgiveness after divorce using books songs and projects to assist clients experiencing grief after the death of their adolescent child creative strategies to aid clients through the grief and loss of love effective interventions to assist clients through loss from miscarriage using music videography visual arts literature drama play and altar making in the grief process innovative interventions for individuals with co occurring mental health and substance use disorder suicide high risk factors and a Pre suicide Preparation Plan that mental
