Reading and the Reference Librarian Juris Dilevko, Lisa Gottlieb, 2014-10-16 Reference librarians are no longer expected to know much about the information they find they are merely expected to find it Technological competency rather than knowledge has become the order of the day In many respects reference service has become a matter of typing search terms into a library s online catalog or a web search engine and providing the patron with the results of the search Calling for a re intellectualization of reference librarianship this book suggests another approach to providing quality reference service reading The authors surveyed both academic reference librarians and public library reference personnel in the United States and Canada about their reading habits From the 950 responses the authors present findings about the extent to which librarians read newspapers periodicals fiction and

nonfiction and recount and analyze stories about how reading has made them better librarians The authors also report that North American professors in the humanities and social sciences believe that the best reference librarians are those who have wide ranging subject based knowledge as opposed to the type of process based functional knowledge that is increasingly dominating the curricula of many Library and Information Science programs

An Author's Guide to Working with Libraries and Bookstores Mark Leslie Lefebvre, 2019-12-10 Any author can get their book listed in an online catalog But what if you want more What if you want to rise above the digital masses and be relevant to booksellers and librarians In today's digital age of publishing it's easy to get your book listed on major retail and library sites around the world But what about Attracting the attention of the curators of these sales channels Succeeding in getting some of these channels to highlight spotlight and promote your book to their customers or patrons Having a bookstore or library actually order and stock your print book Being invited to either host or participate in a live event in a bookstore or library Standing out as a talented and relevant professional or subject matter expert All of these things take a bit more effort than the average creative person is willing to invest But that's where you come in because this type of success is reserved for the truly dedicated author like you With the right amount of foresight preparation effort and determination you can rise above the digital slush to a place where you and your book can stand out to exactly the right people This book walks you through all that you need to know in order to leverage the tools available for successfully working with both bookstores and libraries It is derived from the author's three decades of experience in the book industry as a writer an editor a bookseller and a publishing industry representative If you want to leverage insights into the systems and logistics associated with print eBook and audiobook distribution to retailers and libraries to maximize your availability in these formats as well as your overall sales and earnings then this is the book for you An Author's Guide to Working with Bookstores and Libraries is a no BS overview of the publishing industry bookstores and libraries It outlines the basics of what authors need to know when navigating their way through the complex print eBook and distribution options available to authors Whether you are traditionally published or self published this book provides guidance and insights to help you maximize your sales your earnings and your author brand
