The Twilight Saga Claudia Bucciferro, 2013-12-12 When Stephenie Meyer's first novel *Twilight* was published in 2005 it had an astounding reception selling millions of copies. The three sequels that followed *New Moon*, *Eclipse*, and *Breaking Dawn* became international bestsellers as well. The worldwide success of the movie adaptations further cemented the series as a cultural force on par with other popular franchises such as *Harry Potter*. But why is this? What is it about *Twilight* that makes it so appealing to people? And what does *Twilight*'s success reveal about transnational cultural trends? In *The Twilight Saga: Exploring the Global Phenomenon*, Claudia Bucciferro has assembled a collection of essays that examine the series from a variety of perspectives. The essays in this volume consider both the books and the movies, emphasizing the relationships among the texts, the audience, the entertainment industry, and other aspects of the multimillion-dollar franchise. Organized into five sections, the chapters offer a contextualization of the series' appeal, explore different types of *Twilight* audiences, analyze the cultural referents associated with the main characters, and present new ideas regarding representations of gender, sex, class, and race. Concluding essays examine the saga's influence, unveiling its links to newer works such as *The Hunger Games*, *True Blood*, and *Fifty Shades of Grey*. Making sense of how the popular franchise fits within larger contexts, this collection addresses *Twilight* from an interdisciplinary framework including insights from history, philosophy, literature, sociology, fan studies, intercultural communication, film studies, and more. Featuring contributions by scholars from the United States, France, Spain, Chile, and Australia, this book emphasizes the international and intercultural relevance of the *Twilight* phenomenon. The collection is aimed at scholars and students of media and popular culture, but it will also appeal to general readers who are familiar with the series.

[Fantasy, Online Misogyny and the Manosphere](#) Jacob Johanssen, 2021-10-21 Nominated for the 2022 Gradiva Award. This book presents the first in-depth study of online misogyny and the manosphere from a psychoanalytic perspective. The author argues that the men of the manosphere present contradictory thoughts, desires, and fantasies about women which include but also go beyond misogyny. They are in a state of dis-inhibition, torn between unconscious forces and fantasies which erupt and are defended against. Dis-inhibition shows itself in self-victimization and defensive apathy, as well as toxic agency and symbolic power, and expresses itself in desire for and hatred of other bodies. The text draws on the psychoanalytic thinkers Klaus Theweleit, Elisabeth Young Bruehl, Jessica Benjamin, and Wilhelm Reich to present detailed analyses of the communities within the so-called manosphere, including incels, Men Going Their Own Way (MGTOW), alt-right YouTubers, and NoFap users. Drawing on wider discussions about the status of sexuality in contemporary neoliberal technoculture since the sexual revolution of the late 1960s, it illuminates how sexuality, racism, and images of the white male body shape the fantasies and affects of many men on the internet and beyond. Integrating a unique theoretical framework to help understand how today's increase in online misogyny relates to the alt-right and fascism, *Online Misogyny and the Manosphere* is an important resource for academics in a variety of fields including psychoanalysis, media and communication studies, internet studies, masculinity
