Learning Android Game Programming Richard A. Rogers,Rick Rogers,2012 Provides information on creating games for Android mobile devices covering such topics as implementing the game loop integrating user input building virtual worlds with tile maps and creating a scoring framework

Teaching Internet Basics Joel A. Nichols,2014-10-14 Perfect for public librarians instructional librarians technology and digital resource specialists and library training specialists this book is an essential resource for digital literacy instruction According to Pew research published in 2013 two thirds of public libraries report that technology training is important in their communities and that 86 5 percent of public libraries offer classes on general Internet use Despite the ubiquitous nature of the Internet and digital media digital literacy instruction remains one of the major job duties of 21st century librarians In this book author Joel Nichols helps you to close the digital divide and make a difference in increasing

information and digital literacy for your patrons offering tested content and methods that will make it easier for librarians to provide effective digital literacy instruction With its discussion of key Internet safety and security topics for inexperienced Internet users this hands on practical guide is what you need for approaching and solving these digital literacy instructional challenges This manual serves librarians who are teaching computer and Internet basics to patrons with little or no experience by providing a packaged solution with ready made training scripts and practical examples that teach basic digital literacy techniques The guide also fills any gaps in your knowledge or experience and gets you up to speed with the latest digital information needs of users in order to form a solid foundation from which to provide instruction with the supplied curriculum Billboard ,2011-07-02 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Lost in Trans Nation* Miriam Grossman,2023-07-18 Throughout our country atrocities are taking place in doctor s offices and hospital operating rooms Physically healthy children and adolescents are being permanently disfigured and sometimes sterilized Those youth say they re transgender and we their parents teachers therapists and doctors are supposed to agree with their self diagnosis and take a back seat as they make the most consequential decision of their lives to alter their bodies in order to we are told align them with their minds Medical educational and government authorities advise us to support the gender journeys of still developing kids including medical interventions with poor evidence of long term improvement This would not be acceptable in any other field of medicine Indeed the treatments our medical authorities and Washington call crucial and life saving have been banned in progressive Sweden Finland and Britain Dr Miriam Grossman is a child and adolescent psychiatrist whose practice consists of trans identified youth and their families In *Lost in Trans Nation* she implores parents to reject the advice of gender experts and politicians and trust their guts their parental instincts in the face of an onslaught of ideologically driven misinformation that steers them and their children toward risky decisions they may end up mourning for the rest of their lives The beliefs that male and female are human inventions that the sex of a newborn is arbitrarily assigned and that as a result the child requires affirmation through medical interventions these ideas are divorced from reality and therefore hazardous especially to children The core belief that biology can and should be denied is a repudiation of reality and a mockery of what hard science teaches about being male and female Dr Grossman believes that parents know their child best they especially know if they have a son or daughter But currently in our country when it comes to gender identity everyone knows better than mom and dad Schools enable students to live double lives Patrick at home Patti at school Activists tell kids their loving homes are unsafe when parents voice doubts about the child s new identity For refusing to see their son as their daughter parents might be reported to protective services a development that can lead to a family s destruction *Lost in Trans Nation* arms parents with the ammunition to avoid or if necessary fight what many families

describe as the most difficult challenge of their lives Parents will learn what to say and how at home at school and if necessary to police when they appear at the door Don't be blindsided like so many parents I know warns Grossman be proactive and get educated Feel prepared and confident to discuss trans nonbinary or whatever your child brings to the dinner table Whether it's the trans is as common as red hair claim or the I'm not your son I'm your daughter proclamation or the do you prefer a live son or a dead daughter threat says Grossman no family is immune and every parent must be prepared No child is born in the wrong body Dr Grossman reassures us their bodies are just fine it's their emotional lives that need healing Whether you're facing a gender identity battle in your home right now or want to prevent one you need this book to guide you and your loved ones out of the madness

[Windows 8 Upgrade Guide](#) PCWorld Editors, Microsoft's new operating system may look like a radical departure from Windows 7 but it works it makes sense and it's the future Numerous small improvements to the desktop user interface make many computing tasks easier to perform In this book we help you decide whether to upgrade to Windows 8 the best way to go about doing so and the biggest changes between this version and previous versions of the operating system
