Workshops Work A Parents Guide To Facilitating Writers Workshops For Kids:

Workshops Work! Patricia Broderick Zaballos, 2012-11-01 A writer's workshop is simply a gathering in which writers come together to share their writing and offer one another feedback Workshops are fairly easy to facilitate yet nearly magical in their ability to inspire kids to write Workshops Work offers parents all the nitty gritty details you'll need to start up your own workshop It's a comprehensive guide covering everything from how long a meeting might run to how to encourage a positive atmosphere Workshops Work is written for parents who may not have much writing training themselves but who want to make writing a fun engaging experience for their kids Whether you're a homeschooling parent trying to make writing more meaningful for your child or the parent of a schooled child seeking a less standards based more creative writing experience for him or her a writer's workshop may be just what you're looking for Workshops Work will show you how to make writer's workshops an essential enjoyable part of your child's development as a writer
