What Middle School Didn't Teach:

What Middle School Didn't Teach Me Aaron Lafazan, 2015-11-30 What if the world was filled with students who were trained to create rather than memorize What if we equipped our students with life skills rather than flash card skills There are problems with the way we teach our students and What Middle School Didn't Teach Me embarks on a journey with help from the likes of Y Combinator founder Paul Graham and Python creator Guido Van Rossum to shed light create dialogue and push forward with improvement What Middle School Didn't Teach Me is a past and future case study analyzing the erroneous ways of middle schools in the United States and creating a blueprint for going forward

What High School Didn't Teach Me Rajat Bhageria, 2014-08-23 What High School Didn't Teach Me is a recent graduate's perspective on how high school is killing creativity by forcing students to memorize factoids rather than inspiring them to pursue creative endeavors and teaching them how to problem solve The author Rajat Bhageria describes how too many high school students today focus all of their efforts on maintaining high grades rather than on developing intrinsic motivation for their passions Bhageria addresses many major subjects in education reform English social studies mathematics sciences research engineering entrepreneurship computer science liberal arts the college process Additionally he proposes a full revamp of the high school experience

A Teacher's Journey: K-12 American Education: What They Didn't Teach You in College Chris Moyo, 2016-08-01 American K 12 Education What they didn't teach you at the university college is a personal journey of a teacher as well as an outside look at the education in America today Through the journey this teacher faces many challenges which many of today's teachers face as the education in America goes through its sometimes chaotic process of reforms The book is a dialogue and therefore calls for a serious discussion about how students are being educated as well as how teachers need to be empowered rather than vilified through the unions that represent them Chris Moyo brings together over eleven years of classroom experience in schools in Kentucky His infusion of cultural experience will leave you in stitches at times and the way he views education is truly refreshing

What I Didn't Know Lee Gutkind, 2016-09-28 Teachers delve into the most difficult rewarding and transformative moments of their careers as they discover that succeeding at teaching is a test not just of training or of subject matter but of resolve dedication faith and character Whether in a New England prep school or a public school in South Central LA a preschool in Malawi or a high school in China the fundamental challenges of becoming a teacher are the same finding authority forging an authentic connection with students and making a space where learning can occur In these twenty personal narratives teachers provide us with a fascinating insight into a profession that touches us all

Balancing Acts Lisa Smulyan, 2000-03-31 Balancing Acts uses life history and ethnography to examine the lives and work of three female elementary school principals and highlights their daily use of personal and professional skills Smulyan examines the principals' personal backgrounds and their effect on their work within the community they serve their school and the historical and social structures that frame their actions and interactions What emerges is a fascinating

personal view of the dilemmas decisions and consequences faced by the female principalship I Didn't Come Here to Lie Karen G.J. Lewis, Elizabeth Todd-Breland, 2025-03-25 An intimate inspiring memoir by educator and labor union leader Karen Lewis a formidable fighter a staunch defender of teachers and students and a beloved Chicagoan In 2012 Karen Lewis led the Chicago Teachers Union to a historic strike challenging the city's powerful mayor and paving the way for an unprecedented wave of teacher strikes in the decade that followed But Lewis's life took her in rich and surprising directions long before she landed in the CTU President's office I Didn't Come Here to Lie written in collaboration with historian and education expert Elizabeth Todd Breland tells Lewis's story in full for the first time capturing her lively wit her charisma and her commitment to building the schools and communities teachers students and families deserve From her childhood on Chicago's South Side to her teen years organizing Black Power walkouts from her education at Mount Holyoke and Dartmouth to her years in Oklahoma and Barbados and her stints in medical school and film school readers follow Lewis through a life full of exploration Wherever she was she maintained a strong commitment to building fairness She found her calling in the classroom teaching science for more than twenty years before becoming a union leader in Chicago Up until her untimely death from brain cancer in 2021 Karen Lewis was spirited unshakeable and fierce She remains a model for current organizers and teachers doing the day to day work of building a better world I Didn't Come Here to Lie is a testament to one of the true revolutionaries of her generation

Transforming Mathematics Teacher Education Tonya Gau Bartell, Corey Drake, Amy Roth McDuffie, Julia M. Aguirre, Erin E. Turner, Mary Q. Foote, 2019-08-01 This book builds on the Teachers Empowered to Advance Change in Mathematics TEACH Math project which was an initiative that sought to develop a new generation of preK-8 mathematics teachers to connect mathematics children's mathematical thinking and community and family knowledge in mathematics instruction or what we have come to call children's multiple mathematical knowledge bases in mathematics instruction with an explicit focus on equity Much of the work involved in the TEACH Math project included the development of three instructional modules for preK-8 mathematics methods courses to support the project's goals These activities were used and refined over eight semesters and in Fall 2014 shared at a dissemination conference with other mathematics teacher educators from a variety of universities across the United States Chapter contributions represent diverse program and geographical contexts and teach prospective and practicing teachers from a variety of socioeconomic and ethnic backgrounds in particular providing accounts of supports challenges and tensions in implementing equity-based mathematics teacher education The chapters supply rich evidence and illustrative examples of how other mathematics teacher educators and professional developers might make the modules work for their unique practices courses workshops and prospective teachers teachers It promises to be an important resource for offering guidance and examples to those working with prospective teachers of mathematics who want to create positive culturally responsive and equity-based mathematics experiences for our nation's youth

Inner City Public Schools Still Work Mateen A. Diop, 2012-05 Inner City

Public Schools is a beacon call for everyone to take a close look at how effective our inner city public schools have been Dr Diop shares some of his life stories and how the public schools in his neighborhood shaped his thinking With education reformists extolling the value and achievement of charter schools to the peril of public schools Dr Diop is honest in his evaluation of the schools he has led and how he and his teachers set and achieved immense goals resulting in the highest math scores in the school s history Dr Diop is also candid as he discussed the emotional struggles faced by his sister and how those struggles enabled him to relate to the anguish many of his students face daily This book will show everyone that there is value in our nation s inner city public schools and his life is living proof *Eating Spring Rice* Sandra Teresa
