What The Raf Airman Took To War:

What the RAF Airman Took to War Bill Howard,2015-05-10 Between July and October 1940 in what became known as the Battle of Britain a nation held its breath while the pilots of the Royal Air Force battled Hitler s Luftwaffe in the skies above England A huge number of airmen lost their lives in this hard fought episode and in the four years of air campaigns that followed and those who survived faced terrifying risks as Prime Minister Winston Churchill put it Never in the field of human conflict was so much owed by so many to so few In this beautifully illustrated tribute to The Few Bill Howard catalogues the objects which were essential to every wartime pilot from the superstitious good luck charm to the parachute on which his life might have depended and a wealth of other poignant items relating to his day to day existence during the air war against the Nazis

The RAF Regiment at War, 1942-1946 Kingsley M. Oliver,2008-10-17 Born out of necessity in the dark days of the War the RAF Regiment found itself in the thick of the action supporting the vital operations in all theaters This comprehensive record of their operations gives the clearest indication of the contribution that the Regiment made and includes many first hand accounts of the fighting including the first shooting down of a jet aircraft the Me 262A 2a Sturmvogel in November 1944 As a result of their outstanding contributions to the success of RAF operations in WW2 the Regiment became a permanent part of the RAF This is the official history of the RAF Regiment from its foundation 60 years ago to the aftermath of hostilities

The RAF Air-Sea Rescue Service in the Second World War Norman Franks,2016-11-30 When the Second World War began in 1939 it was thought that it would be fought along the same lines as the First World War with the Allied air forces operating from both Britain and France With the fall of Britains Northern European Allies in May 1940 all that changed From then onwards RAF aircraft operating over enemy and enemy held territory necessitated flights across both the North Sea and the English Channel This meant that aircrew in difficulties would be forced to come down in both of these bodies of water Therefore it was essential that some form of rescue service be made available to fish these airman from the water But there were no aircraft in existence at that time that were designed for such a task initially all that could be done was to use land planes to help locate anyone in the water drop a dinghy to them and then guide a boat to their position Obviously a quicker and more reliable means of rescue was needed and this came in the shape of the Supermarine Walrus an amphibian airplane that could land on both sea and land Several Flights of these airplanes were set up around the coast of Britain concentrated mainly around the south and southeast of England The Air Sea Rescue airmen did a magnificent job from 1941 45 rescuing hundreds of downed RAF and USAAF aircrew It took a special type of airman to undertake these rescues and another kind of courage As the war in North Africa developed Walrus aircraft were needed in the Mediterranean and later on either side of the Italian coast Walrus squadrons operated just as successfully in this theater as around Britain Aircrew operating over any stretch of water could always count on the ASR boys coming to their aid This is their story

Flying against Fate S. P. MacKenzie,2017-08-04 During World War II Allied

casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers *Flying against Fate* expands our understanding of a major aspect of the psychology of war in the air and of World War II

Flying Boat Pilot in War and Peace Mark Alderson, 2024-12-30 At the age of twelve on hearing that Sir Ross Smith had broken the England Australia aero record in a Vickers Vimy Roly Alderson decided that he wanted to fly Denied a secondary education orphan Roly was an accomplished engineer by the time he arrived at Cambridge in his home built car He left with a degree a racing Bentley and a pilot s licence Alderson had already logged several hundred hours when recruited by Imperial Airways in 1933 His skills were quickly recognized and he was selected to fly Lord Willingdon the Viceroy and Governor General of India on his farewell tour of India Alderson s Holy Grail nevertheless was to fly boats and it was not long before Roly had joined these venerated ranks on the new route to South Africa while serving as a Captain on Imperial Airways prestigious New York Bermuda service Alderson reported a number of serious concerns regarding carburettor icing on his Short Empire flying boat *Cavalier* His prescience was ignored and on 21 January 1939 a day after penning a final warning *Cavalier* was forced down into the empty wastes of the Atlantic Due to Alderson s consummate airmanship and the bravery of heroine passenger Edna Watson ten of the thirteen souls on board survived Their miraculous rescue by the tanker *Esso Baytown* part of a huge international search and rescue effort after eleven gruelling hours in cold shark infested waters dominated the world s headlines Alderson returned to duty on the long distance flying boat routes to Singapore and Durban but following the German invasion of France in 1940 he was transferred to the treacherous West Africa run After a brush with a U boat off Sierra Leone he was tasked with ferrying General de Gaulle back to the UK from Nigeria After avoiding a suspected poisoning attempt at

Freetown and Luftwaffe interception over the Bay of Biscay the General personally thanked Alderson for his safe return Later in 1940 the British Government bought three huge Boeing flying boats to maintain the wartime transatlantic link and Alderson was promoted to the roster for these The hours in these behemoths were prodigious routing via Portugal West Africa and Brazil with the fear of enemy attack a constant and very real threat Only V I P s and vital mail were carried although Alderson did once deliver President Roosevelt s personal gift to Winston Churchill a critical supply of Havana cigars Adventure abounds in this remarkable story of a flying boat pilot and captain in both war and peace racing Bentleys landing on beaches black tie dinner with the Luftwaffe landing on the Nile flying across India and espionage and intrigue in Lisbon

The British Commonwealth and Victory in the Second World War Iain E. Johnston-White, 2016-12-28 This book is the first comprehensive study of the British Commonwealth in the Second World War Britain and its Dominions Canada Australia New Zealand and South Africa formed the most durable cooperative and interchangeable alliance of the war Iain E Johnston White looks in depth at how the Commonwealth war effort was financed the training of airmen for the air war the problems of seaborne supply and the battles fought in North Africa Fully one third of the British effort originated in the Dominions a contribution that was only possible through the symbiotic relationship that Britain maintained with its former settler colonies This cooperation was based upon a mutual self interest that was largely maintained throughout the war In this book Johnston White offers a fundamental reorientation in our understanding of British grand strategy in the Second World War **The Second World War Illustrated** Jack Holroyd, 2020-08-31 This second volume begins with the account of Mussolini attempting to mirror Hitler in acts of aggression by thrusting towards Egypt and capturing the important artery of the British Empire the Suez Canal The Italian initiative failed and when its army was driven back with heavy losses Mussolini asked for help and Hitler sent Rommel Beginning in the spring of 1941 Axis forces under a dynamic General Rommel pushed the British back to Egypt In the meantime Mussolini decided on another easy target to spread his new Roman Empire and invaded Greece Once again his superior numbers were repelled and the Greeks sent his army back to its starting point in Albania Hitler came to the aid of his Axis ally and Churchill sent the British to help Greece but in doing so depleted his forces in North Africa During the Battle of Greece Greek and British forces in the north of the country were overwhelmed by a rapid German advance The British embarked for Crete and the Germans promptly captured the island with their much vaunted Fallschirmjager Matters were disheartening for the British people following these defeats in North Africa and Greece However a morale boost came with the sinking of the Bismarck and the defection of Rudolf Hess Hitler s deputy in an amazing flight to Scotland Then it came in June the German F hrer took on his greatest military challenge the invasion of Soviet Russia By the end of the second year of the war the Axis forces were deep into Stalin s territory Britain now had a major ally at last **British War Films, 1939-1945** S. P. MacKenzie, 2001-02-01 The cinema was the most popular form of entertainment during the Second World War Film was a critically important medium for influencing opinion Films such as In

Which We Serve and One of Our Aircraft is Missing shaped the British people's perceptions of the conflict British War Films 1939-1945 is an account of the feature films produced during the war rather than government documentaries and official propaganda making the book an important index of British morale and values at a time of desperate national crisis You Wouldn't Want to Be a World War Two Pilot! Ian Graham, 2021-01-25 As an American pilot joining the RAF during World War Two you'll experience many ups and downs and no doubt you'll discover what a Mae West is for. Get used to the lingo, commands and controls otherwise it's time to bail out. Educational, informative and engaging, this book teaches children the risks taken and sacrifices made in World War II and puts the reader at the centre of the action. This title in the best-selling children's history series You Wouldn't Want To features full colour illustrations which combine humour and accurate technical detail and a narrative approach placing readers at the centre of the history, encouraging them to become emotionally involved with the characters and aiding their understanding of what life would have been like as a World War Two pilot. Informative captions, a complete glossary and an index make this title an ideal introduction to the conventions of information books for young readers. It is an ideal text for Key Stage 2 shared and guided reading and helps achieve the goals of the Scottish Standard Curriculum 5-14. **Tony's war** Britta von Zweigbergk, 2007 These British Isles of ours are populated by people who originate from throughout the world from North, South, East and West. Individually or as family groups they will have come to start a new life to escape from persecution, hunger or despair. It is our strength because somehow we learn to adapt ourselves to meet our own and others' needs no matter how daunting they may be. Tony and Nita Zweigbergk learned to do just that during their very different childhood and teenage years. Then they met and fell in love. Then along came World War II. We are privileged to share these experiences plus by reading between the lines we are able to share the boredom, depression, comradeship, fun, fear and sorrow that became the life of those who lived on the edge of life and death to ensure our precious freedom.
