Inner Weather Jenny Stewart, 2018-11-01 A lucid honest and deeply searching account of the author's struggle to come to terms with anxiety and depression Jenny Stewart shows how over many years with considerable help from others she was able gradually to take control of her depression not by focusing on its causes but by understanding how best to fight it It covers practical advice as well as personal revelations There are many books about depression what makes this one different This is not just a self help book it is a self seeing book It has been written specifically with women in mind Inner Weather shows that it is possible to make something positive out of the depressive experience provided that we have the courage to learn from it It fills a gap between the many excellent books of professional advice and personal memoirs that relate the depressive experience Inner Weather is not only a book for depressives but for anyone who has an interest in managing their own mind from the inside
