When Genius Failed The Rise And Fall Of Long Term Capital Management:

When Genius Failed Roger Lowenstein, 2001-01-18 A riveting account that reaches beyond the market landscape to say something universal about risk and triumph about hubris and failure The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUSINESSWEEK In this business classic now with a new Afterword in which the author draws parallels to the recent financial crisis Roger Lowenstein captures the gripping roller coaster ride of Long Term Capital Management Drawing on confidential internal memos and interviews with dozens of key players Lowenstein explains not just how the fund made and lost its money but also how the personalities of Long Term's partners the arrogance of their mathematical certainties and the culture of Wall Street itself contributed to both their rise and their fall When it was founded in 1993 Long Term was hailed as the most impressive hedge fund in history But after four years in which the firm dazzled Wall Street as a 100 billion moneymaking juggernaut it suddenly suffered catastrophic losses that jeopardized not only the biggest banks on Wall Street but the stability of the financial system itself The dramatic story of Long Term's fall is now a chilling harbinger of the crisis that would strike all of Wall Street from Lehman Brothers to AIG a decade later In his new Afterword Lowenstein shows that LTCM's implosion should be seen not as a one off drama but as a template for market meltdowns in an age of instability and as a wake up call that Wall Street and government alike tragically ignored Praise for *When Genius Failed* Roger Lowenstein has written a squalid and fascinating tale of world class greed and above all hubris BusinessWeek Compelling The fund was long cloaked in secrecy making the story of its rise and its ultimate destruction that much more fascinating The Washington Post Story telling journalism at its best The Economist *When Genius Failed* Roger Lowenstein, 2001 Founded by John Meriwether a notoriously confident bond dealer along with two Nobel prize winners and a floor of Wall Street's brightest and best long term capital management was from the beginning hailed as a new gold standard in investing It was to be the hedge fund to end all other hedge funds a discreet private investment club limited to those rich enough to pony up millions **An Introduction to Investment Banks, Hedge Funds, and Private Equity**

was an act of courage as *The Snowball* makes immensely clear Being human his own life like most lives has been a mix of strengths and frailties Yet notable though his wealth may be Buffett's legacy will not be his ranking on the scorecard of wealth it will be his principles and ideas that have enriched people's lives This book tells you why Warren Buffett is the most fascinating American success story of our time Praise for *The Snowball* Even people who don't care a whit about business will be intrigued by this portrait Schroeder a former insurance industry analyst spent years interviewing Buffett and the result is a side of the Oracle of Omaha that has rarely been seen Time Will mesmerize anyone interested in who Mr Buffett is or how he got that way *The Snowball* tells a fascinating story New York Times If the replication of any great achievement first requires knowledge of how it was done then *The Snowball* the most detailed glimpse inside Warren Buffett and his world that we likely will ever get should become a Bible for capitalists Washington Post Riveting and encyclopedic Wall Street Journal A monumental biography Schroeder got the best access yet of any Buffett biographer She deals out marvelously funny and poignant stories about Buffett and the conglomerate he runs Berkshire Hathaway Forbes The most authoritative portrait of one of the most important American investors of our time Los Angeles Times
