See What You Made Me Do Jess Hill, 2020-09-01 A deeply researched mental abuse book from an award winning journalist that uncovers the ways in which abusers exert control in the darkest and most intimate ways imaginable A gripping and eye opening expos that courageously confronts the dangers society often turns a blind eye to This groundbreaking book sheds light on the insidious nature of domestic abuse challenging our preconceived notions and urging us to acknowledge the horrifying reality many victims face In this compelling narrative investigative journalist Jess Hill meticulously unravels the complexities of domestic abuse examining the subtle nuances that perpetuate the cycle of violence Drawing on extensive research powerful real life stories and compelling statistics Hill reveals the harrowing truths we collectively choose to ignore explain away or simply refuse to see *See What You Made Me Do* is an indispensable resource that empowers readers to identify and dismantle the myths surrounding domestic abuse challenging us all to take a stand against this pervasive social issue By understanding the psychology of abuse and the mechanisms that enable its perpetuation we can collectively work towards creating a safer and more compassionate society Whether you re an advocate survivor or concerned citizen this thought provoking book serves as a catalyst for change urging us to confront the uncomfortable truths about domestic abuse and inspire actionable steps towards a future free from violence

Men who Batter Nancy Nason-Clark, Barbara Fisher-Townsend, 2015 Men who act abusively have their own story to tell a journey that often begins in childhood ripens in their teenage years and takes them down paths they were hoping to never travel *Men Who Batter* recounts the journey from the point of view of the men themselves The men s accounts of their lives are told within a broader framework of the agency where they have attended groups and the regional coordinated community response to domestic violence which includes the criminal justice workers e g probation parole judges and those who staff shelters and work in advocacy Based on interview data with this wide array of professionals we are able to examine how one community in one western state responds to men who batter Interwoven with this rich and colorful portrayal of the journey of abusive men we bring twenty years of fieldwork with survivors and those who walk alongside them as they seek safety healing and wholeness for themselves and their children Women who have been victimized by the men they love often hold out hope that if only their abusers could be held accountable and receive intervention the violence will stop and their own lives will improve dramatically as a result While the main purpose of *Men Who Batter* is to highlight the stories of men told from their personal point of view it is countered by reality checks from their own case files and those professionals who have worked with them And finally interspersed within its pages is another theme finding religious faith or spiritual activity in unlikely places
