

WHEN TITANS CLASHED

HOW THE RED ARMY STOPPED HITLER

DAVID M. GLANTZ &
JONATHAN M. HOUSE

REVISED AND
EXPANDED EDITION

When Titans Clashed How The Red Army Stopped Hitler Modern War Studies

**Patricia Hachten Wee, Robert James
Wee**

When Titans Clashed How The Red Army Stopped Hitler Modern War Studies:

When Titans Clashed David M. Glantz, Jonathan M. House, 2015-10-16 On first publication this uncommonly concise and readable account of Soviet Russia's clash with Nazi Germany utterly changed our understanding of World War II on Germany's Eastern Front immediately earning its place among top shelf histories of the world war Revised and updated to reflect recent Russian and Western scholarship on the subject much of it the authors own work this new edition maintains the 1995 original's distinction as a crucial volume in the history of World War II and of the Soviet Union and the most informed and compelling perspective on one of the greatest military confrontations of all time In 1941 when Pearl Harbor shattered America's peacetime pretensions the German blitzkrieg had already blasted the Red Army back to Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the Germany Army and put an end to Hitler's imperial designs In swift and stirring prose *When Titans Clash* provides the clearest most complete account of this epic struggle especially from the Soviet perspective Drawing on the massive and unprecedented release of Soviet archival documents in recent decades David Glantz one of the world's foremost authorities on the Soviet military and noted military historian Jonathan House expand and elaborate our picture of the Soviet war effort a picture sharply different from accounts that emphasize Hitler's failed leadership over Soviet strategy and might Rafts of newly available official directives orders and reports reveal the true nature and extraordinary scale of Soviet military operations as they swept across the one thousand miles from Moscow to Berlin featuring stubborn defenses and monumental offensives and counteroffensives and ultimately costing the two sides combined a staggering twenty million casualties Placing the war within its wider context the authors also make use of recent revelations to clarify further the political economic and social issues that influenced and reflected what happened on the battlefield Their work gives us new insight into Stalin's political motivation and Adolf Hitler's role as warlord as well as a better understanding of the human and economic costs of the war for both the Soviet Union and Germany While incorporating a wealth of new information *When Titans Clashed* remains remarkably compact a tribute to the authors determination to make this critical chapter in world history as accessible as it is essential

Beyond Totalitarianism Michael Geyer, Sheila Fitzpatrick, 2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history

World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other

institutions and topics for exploration complement this excellent library and classroom resource *Professional Journal of the United States Army*, 2016-05 **The Impact Of Political-Military Relations On The Use Of German Military**

Power During Operation Barbarossa LCDR Richard Carnicky USN, 2015-11-06 The German General Staff launched Operation Barbarossa in June 1941 assuming the eastern campaign would last only three months However within six months after the initiation of hostilities the Red Army blunted the Wehrmacht's attack outside the gates of Moscow Operation Barbarossa had failed Although a long standing and professional organization the German General Staff failed to achieve strategic success despite significant success during the early stages of the campaign Adolf Hitler's national goal of Russian extermination exceeded the German Army's capabilities The war lasted nearly four years and resulted in the devastation of western Russia millions dead and the destruction of Germany This thesis examines how the divergence between the Wehrmacht's capabilities and Hitler's ideological national objectives affected Operation Barbarossa Through examination of the historical role the German General Staff held during military operations this study addresses the linkage between German political and military relations during war It begins with an analysis of the Prussian General Staff system under Moltke the elder It follows the staff's development through the wars of German unification prelude to World War I and the interwar period leading up to Hitler's rise to power It concludes with an analysis of Operation Barbarossa and the German General Staff's efforts to achieve strategic victory on the eastern front Finally it concludes with lessons modern military leaders should learn from the General Staff's mistakes **Ivan's War** Catherine Merridale, 2006 Drawing on previously

closed archives interviews with veterans and private letters and diaries Merridale presents the first comprehensive history of the Red Army rank and file **Stalin's Secret War** Robert W. Stephan, 2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things Tells how he tames the creatures and returns home For primary grades **When Titans Clashed** David M. Glantz, Jonathan Mallory House, 1995 By the time Pearl Harbour had ripped apart America's peacetime pretensions the German blitzkrieg had already blasted the Red Army back to the gates of Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the German army and shattered Hitler's imperial designs

Warriors and Scholars Peter B. Lane, Ronald E. Marcello, 2005 Annotation Presents scholarship from eminent historians on topics of their specialty alongside veteran accounts for the war being discussed The editors have added contextual and commentary footnotes These papers originally from the University of North Texas's annual Military History Seminar are organized chronologically starting from World War II **Doctrine and Reform in the British Cavalry 1880-1918**

Stephen Badsey, 2016-12-05 A prevalent view among historians is that both horsed cavalry and the cavalry charge became obviously obsolete in the second half of the nineteenth century in the face of increased infantry and artillery firepower and that officers of the cavalry clung to both for reasons of prestige and stupidity It is this view commonly held but rarely

supported by sustained research that this book challenges. It shows that the achievements of British and Empire cavalry in the First World War although controversial are sufficient to contradict the argument that belief in the cavalry was evidence of military incompetence. It offers a case study of how in reality a practical military doctrine for the cavalry was developed and modified over several decades influenced by wider defence plans and spending by the experience of combat by Army politics and by the rivalries of senior officers. Debate as to how the cavalry was to adjust its tactics in the face of increased infantry and artillery firepower began in the mid nineteenth century when the increasing size of armies meant a greater need for mobile troops. The cavalry problem was how to deal with a gap in the evolution of warfare between the mass armies of the later nineteenth century and the motorised firepower of the mid twentieth century an issue that is closely connected with the origins of the deadlock on the Western Front. Tracing this debate this book shows how despite serious attempts to learn from history both European style wars and colonial wars produced ambiguous or disputed evidence as to the future of cavalry and doctrine was largely a matter of what appeared practical at the time.

Whispering the Strategies of Language: An Emotional Journey through **When Titans Clashed How The Red Army Stopped Hitler Modern War Studies**

In a digitally-driven earth wherever monitors reign supreme and instant connection drowns out the subtleties of language, the profound secrets and emotional nuances hidden within words usually go unheard. However, set within the pages of **When Titans Clashed How The Red Army Stopped Hitler Modern War Studies** a captivating fictional prize blinking with raw thoughts, lies a fantastic quest waiting to be undertaken. Published by a skilled wordsmith, that wonderful opus encourages readers on an introspective trip, softly unraveling the veiled truths and profound affect resonating within ab muscles fabric of each and every word. Within the psychological depths of this emotional evaluation, we will embark upon a heartfelt exploration of the book is core subjects, dissect their charming publishing fashion, and succumb to the effective resonance it evokes strong within the recesses of readers hearts.
