Even the best teachers can feel overwhelmed with the pressures of the job and become prone to anxiety depression and anger This book offers teachers an easily implemented and proven approach to dealing with these feelings in a more helpful way enabling them to cope with taxing situations as well as the day to day stress of the classroom Based on the principles of cognitive behavioural therapy and on the author's many years of experience Stress Relief for Teachers is both a practical guide to feeling better and more in control and a guide to understanding difficult feelings and how our thoughts feelings and actions are inextricably linked Stop Caretaking the Borderline or Narcissist Margalis Fjelstad, 2013-02-07

People with Borderline or Narcissistic Personality Disorders have a serious mental illness that primarily affects their intimate personal and family relationships Often they appear to be normally functioning at work and in public interactions and Narcissists may even be highly effective in the short term in some work or social situations However in intimate relationships they can be emotional aggressive demeaning illogical paranoid accusing and controlling in the extreme Their ability to function normally or pleasantly can suddenly change in an instant like flipping a switch These negative behaviors don't happen once in a while they happen almost continuously in their intimate relationships and most often and especially with their Caretaker family member Here Margalis Fjelstad describes how people get into a Caretaker role with a Borderline or Narcissist and how they can get out Caretakers give up their sense of self to become who and what the Borderline or Narcissist needs them to be This compromises the Caretaker's self esteem distorts their thinking processes and locks them into a Victim Persecutor Rescuer pattern with the Borderline or Narcissist The book looks at the underlying rules and expectations in these relationships and shows Caretakers how to move themselves out of these rigid interactions and into a healthier more productive and positive lifestyle with or without the Borderline Narcissistic partner or family member It describes how to get out of destructive interactions with the Borderline or Narcissist and how to take new more effective actions to focus on personal wants needs and life goals while allowing the Borderline or Narcissist to take care of themselves It presents a realistic yet compassionate attitude toward the self destructive nature of these relationships and gives real life examples of how individuals have let go of their Caretaker behaviors with creative and effective solutions **Be the One You Need** Sophia A. Nelson, 2022-06-28

From acclaimed journalist Sophia A Nelson the bestselling author of The Woman Code comes a poignant powerful and revealing memoir providing life lessons that emphasize the importance of self care self love and self understanding that will lead to freedom healing from the past and a better future Sophia A Nelson is a highly accomplished woman Yet following a bout with Covid 19 caretaking for a sick parent during the pandemic running a business and being a mainstay on national television as a political pundit and legal analyst on CNN MSNBC the BBC and Sirius XM she realized that she was struggling internally even as she maintained her breakneck schedule Like so many others as an adult child of an alcoholic Nelson

struggled with self love and knowing her value despite her successes As she came to learn it was when she stopped feeling guilty and neglecting herself emotionally and started understanding the importance of self care and nurturance that she found the freedom to truly live and thrive Her message Be the One You Need reveals lessons illuminating for readers that the answers we seek are always within us Nelson s call does not mean we do not need other people quite to the contrary but that our first love and our priority must be to self Good emotional health Good physical health Good spiritual health Good relational health The earlier we can figure this out and take care of these basic needs love connection faith and success the better chance we have of a balanced fulfilled life In this thought provoking book at times sobering yet also uplifting and encouraging Nelson speaks to readers from all walks of life young people just starting out those at mid life trying to wrestle with what she calls your second life and readers in their later years who still have time to forgive themselves and seek forgiveness where needed Her purpose in this book is to encourage men and women alike to practice meaningful self contemplation self care and self love This book is for anyone who is still fighting demons from their childhood For anyone who has been hurt too many times to count For anyone who desperately wants a roadmap to break free from toxic family ties Or simply for those who need to be reminded that until you take care of yourself first you will have little to nothing of yourself to give to others As the old saying goes It s never too late to have a life and it s never too late to change one
