

Online Websites To Find "FREE" Textbooks, Solution Manuals & Resources

1. Library Genesis (libgen.rs)

This is the go-to site for most ebooks. Some of the engineering textbooks comes with the solution manual as well. Searching for the title + "solution manual" will give you some results.

2. LitSolutions (litsolutions.org)

A website which has textbook solutions ripped from chegg. It has quite a lot of books and free, no need to sign up or give any credentials. You can find many textbook solutions that are not on libgen.

3. Zlibrary (z-lib.org)

This is another site where you can try if you can't find it in Library Genesis. You may need an account if you exceed the download limit. If you do not like to use your personal email, you can opt to use a temporary mail.

4. Studylib (studylib.net)

As the name itself says it's like a library, where you can have a large number of assignments and solutions. It will provide you with a solution for all the subjects. You can also upload your documents and find the solution.

5. Pdfdrive (pdfdrive.com)

An online PDF search engine that lets you search, preview and download PDFs. According to the site as of right now, there are over 75 million eBooks, magazines, articles, and more that are indexed and discoverable directly on PDF Drive.

5. Sci-Hub (sci-hub.mkksa.top)

Great place for finding published essays, journal/conference papers that are (usually) paywalled.

7. AudioBookBay (audiobookbay.ws)

If what you want is audiobooks then audiobookbay is the go-to place. You can find millions of free audiobooks with high quality.

Exploring Signature Pedagogies Regan A. R. Gurung,Nancy L. Chick,Aeron Haynie,2023-07-03 From the Foreword These authors have clearly shown the value in looking for the signature pedagogies of their disciplines Nothing uncovers hidden assumptions about desired knowledge skills and dispositions better than a careful examination of our most cherished practices The authors inspire specialists in other disciplines to do the same Furthermore they invite other colleagues to explore whether relatively new interdisciplinary fields such as Women s Studies and Global Studies have or should have a signature pedagogy consistent with their understanding of what it means to apprentice in these areas Anthony A Ciccone Senior Scholar and Director Carnegie Academy for the Scholarship of Teaching and Learning How do individual disciplines foster deep learning and get students to think like disciplinary experts With contributions from the sciences humanities and the arts this book critically explores how to best foster student learning within and across the disciplines This book represents a major advance in the Scholarship of Teaching and Learning SoTL by moving beyond individual case studies best practices and the work of individual scholars to focus on the unique content and characteristic pedagogies of major

disciplines Each chapter begins by summarizing the SoTL literature on the pedagogies of a specific discipline and by examining and analyzing its traditional practices paying particular attention to how faculty evaluate success Each concludes by the articulating for its discipline the elements of a signature pedagogy that will improve teaching and learning and by offering an agenda for future research Each chapter explores what the pedagogical literature of the discipline suggests are the optimal ways to teach material in that field and to verify the resulting learning Each author is concerned about how to engage students in the ways of knowing the habits of mind and the values used by experts in his or her field Readers will not only benefit from the chapters most relevant to their disciplines As faculty members consider how their courses fit into the broader curriculum and relate to the other disciplines and design learning activities and goals not only within the discipline but also within the broader objectives of liberal education they will appreciate the cross disciplinary understandings this book affords
