Where Is The Empire State Building:

The Empire State Building Ronald A. Reis,2009 It was to be a structure like no other the largest and tallest skyscraper in the world Initial plans for the Empire State Building called for an Art Deco masterwork to rise 1 000 feet with 80 stories of rental space The high rise was to completely fill the 84 000 square foot site of the former Waldorf Astoria then New Yorks most opulent hotel Hopes were high that the Empire State Building would accelerate Midtown Manhattans stride toward commercial prominence pulling more business uptown Built in the early years of the Great Depression during which one out of four New Yorkers was out of work the Empire State Buildings construction was thought by many to be a foolish undertaking Yet it was completed under budget and ahead of schedule and the commercial colossus has stood through good times and bad as a symbol of daring beauty and American invention **The Empire State Building** Lewis Wickes Hine,1998 A collection of black and white photographs that document the construction of the Empire State Building completed in 1931 with information about photographer Lewis W Hine **Empire State Building** John Tauranac,1997-04-15 An architectural and cultural history looks at the excitement and politics involved in the building of the Empire State Building the technological breakthroughs of its construction and more **Where Is the Empire State Building?** Janet B. Pascal,Who HQ,2015-05-19 New York City boasts one of the most famous skylines in the world and the Empire State Building is undeniably the focal point of this incredible view At 102 stories the structure was no small feat In fact its construction coincided with the onset of the Great Depression and so progress was met with numerous setbacks Still because of the efficiency that went into the building s development it only took a year and forty five days to complete In this informative easy to read account Janet B Pascal describes the rise of skyscrapers in the United States the intricacies of the groundbreaking construction process and the effect the iconic Empire State Building continues to have today *Empire State Building* Erinn Banting,2019-08-01 The Empire State Building in New York City is one of the world s most visited buildings The tall office building was built in 1931 during a period known as the Great Depression Find out more in Empire State Building a title in the Structural Wonders of the World series Structural Wonders of the World is a series of AV2 media enhanced books Each title in the series features easy to read text stunning visuals and a challenging educational activity A unique book code printed on page 2 unlocks multimedia content These books come alive with video audio weblinks slideshows activities hands on experiments and much more **20 Fun Facts About the Empire State Building** Emily Mahoney,2019-07-15 Have you ever been to New York City and seen the Empire State Building This beautiful skyscraper is known as one of the most iconic buildings in the world Details about its construction early days and stories about interesting and unique events that took place here delight and engage and graphic organizers and eye catching images draw in emerging readers Readers will aspire to see this architectural wonder in person after enjoying this book **The Empire State Building** Lisa Bullard,2009-08-01 People come from all over the world to see the Empire State Building You can see

all of New York City from the top of this tall skyscraper Just how many floors does the Empire State Building have And how long did it take workers to create this amazing structure Read this book to find out Learn about many remarkable sites in the Famous Places series part of the Lightning Bolt Books™ collection With high energy designs exciting photos and fun text Lightning Bolt Books™ bring nonfiction topics to life *The Empire State Building* Charles River Charles River Editors, Charles River, 2015-02-03 Includes pictures Includes accounts of the design and construction of the building by newspapers tourists and those who worked on it Includes a bibliography for further reading Includes a table of contents I would give the greatest sunset in the world for one sight of New York's skyline The shapes and the thought that made them The sky over New York and the will of man made visible Let them come to New York stand on the shore of the Hudson look and kneel When I see the city from my window no I don't feel how small I am but I feel that if a war came to threaten this I would like to throw myself into space over the city and protect these buildings with my body Ayn Rand The Fountainhead Of all the great cities in the world few personify their country like New York City As America's largest city and best known immigration gateway into the country the Big Apple represents the beauty diversity and sheer strength of the United States a global financial center that has enticed people chasing the American Dream for centuries Given that history it's fitting that the Empire State Building is the city's most famous building a soaring skyscraper that has been one of the tallest buildings in the world for nearly a century and the most recognizable landmark in New York The Empire State Building was constructed using the Art Deco style which was trendy during the era and had been used for other skyscrapers like the Chrysler Building but that's where the comparisons end because the Empire State Building was unprecedented in almost every aspect at the time of its creation With a race for dizzying heights underway ground was broken on the Empire State Building on St Patrick's Day 1930 and the ceremony marking its completion would come just a little more than a year later Employing thousands of workers and somehow managing only to lose 5 the gargantuan building soared to nearly 1500 feet tall before topping out Ironically it took awhile for the Empire State Building to attract businesses in large measure due to the fact it was built at the height of the Great Depression but before long it became synonymous with New York City itself The building has generated notorious headlines such as when a B 25 bomber crashed into the building in 1945 and it has been featured in too many movies to count including its most famous role in King Kong 1933 just a few years after its completion Indeed the Empire State Building continues to be not just an instantly identifiable landmark in New York City but also a crucially valuable one that is still visited and used by thousands of people a day The Empire State Building The History of New York City's Most Iconic Landmark chronicles the construction and history of the Big Apple's most famous building Along with pictures of important people places and events you will learn about the Empire State Building like never before in no time at all **The Empire State Building** John S. Berman, 2003 It is the world's most famous skyscraper a gleaming Art Deco tower of steel concrete and marble that is the enduring symbol of New York Conceived by Governor Alfred E. Smith the project commenced

on January 22 1930 less than two months after the Black Tuesday stock market crash as America entered the beginnings of the Great Depression Along with the revealing text a wealth of archival photographs taken before during and after construction illustrate the mammoth undertaking Every image pays tribute to the steelworkers riveters stone masons and the thousands of other unsung heroes whose fearlessness and skill enabled the tower to rise in little more than a year s time and gave birth to a legendary icon of American vision and ingenuity Publisher **Empire State Building** Sheryl Peterson, 2006-07 A tour of the greatest man made wonders on earth
