While America Sleeps A Wake Up Call For The Post 9 Or 11 Era

Richard L. Abel

While America Sleeps A Wake Up Call For The Post 9 Or 11 Era:

While America Sleeps Russ Feingold, 2013-03-12 A progressive former Senator identifies national missteps after September 11 outlining recommendations for safeguarding lives and improving national security while preserving constitutional values 60 000 first printing **Research Handbook on International Law and Terrorism** Ben Saul, 2020-04-24 This newly revised and updated second edition provides a comprehensive overview of international counter terrorism law and practice Brand new and revised chapters provide critical commentary on the law from leading scholars and practitioners in the field including new topics for this edition such as foreign terrorist fighters the nexus between organized crime and terrorism and the prevention of violent extremism [Elections in America](#) Michael C. LeMay, 2022-08-04 *Elections in America* provides a thorough and objective explanation of American elections at the local state and national levels It discusses laws and practices that govern elections the history of elections and voting rights and contemporary voting controversies *Elections in America* is an all in one resource for understanding the many facets of elections and voting trends since the United States came into being It explains how when and why the franchise expanded in fits and starts after America s founding and the various controversies over voting rights and vote counting that swirl around elections today It reviews the major landmark court decisions that have impacted electoral politics discusses how America s two party system has shaped elections and provides information on major organizations groups and people battling over voting rights and election laws In addition this resource provides a suite of original essays from election scholars on different aspects of U S electoral politics as well as a carefully curated selection of primary documents illuminating important developments in American election history The book also contains a comprehensive annotated list of academic resources to guide the reader towards further research on topics of interest **Law's Wars** Richard L. Abel, 2018-08-16 The US war on terror which Bush declared and Obama continued repeatedly violated fundamental rule of law values *Law s Wars The Fate of the Rule of Law in the US War on Terror* is the first comprehensive account of efforts to resist and correct those violations It focuses on responses to abuses in Abu Ghraib efforts by Guant namo Bay detainees to improve conditions of confinement in and win release expos s of and efforts to end torture and electronic surveillance and civilian casualties on the battlefield including targeted killings Abel deploys a law and society perspective to construct and analyze detailed narratives of the roles of victims whistle blowers the media NGOs lawyers doctors politicians military personnel foreign governments and international organizations in defending the rule of law Only by understanding past errors can we hope to prevent their repetition in what promises to be an endless war on terror **The Roads to Congress 2016** Sean D. Foreman, Marcia L. Godwin, 2017-09-30 This book analyzes both local and national House and Senate campaigns in the 2016 election to reveal how distinctive campaign dynamics have a collective national impact Featuring detailed case studies of ten competitive House races and twelve high profile U S Senate campaigns the volume provides a deep analysis of campaign dynamics and the polarizing effects of the presidential

campaigns of Donald Trump and Hillary Clinton These studies are contextualized by four thematic chapters that cover the most salient talking points of the 2016 elections including voter registration laws and congressional candidates use of Twitter As penetrating as it is comprehensive this volume provides readers with a fuller understanding of the divided landscape of contemporary American political campaigns **The Burglary** Betty Medsger,2014 Summary An account of the 1971 break in of the FBI offices in Media Pennsylvania by a group of unlikely activists cites their roles in triggering major changes in the FBI and confirming that J Edgar Hoover had run a personal shadow FBI **Our Nation at Risk** Julian E. Zelizer,Karen J. Greenberg,2024-07-30 This book will bring together some of the nation s top political scientists historians and legal scholars to examine different areas where the stability and integrity of the electoral process has become a threat to national security

Solving the Climate Crisis John J. Berger,2023-10-24 Groundbreaking solutions to the climate crisis from scientists engineers civic leaders entrepreneurs and activists offering hope to all readers concerned about our planet s future Offers practical actions that reflect technological and economic advances with an introduction by former United States senator Russ Feingold Solving the Climate Crisis is a hopeful and critical resource that makes a convincing and detailed case that there is a path forward to save our environment Illustrating the power of committed individuals and the necessity for collaborative government and private sector climate action the book focuses on three essential areas The technological dimension move to 100% clean renewable energy as fast as we possibly can through innovations like clean steel green cement and carbon reuse companies The ecological dimension enhance and protect natural ecosystems forests and agricultural lands to safely store greenhouse gases and restore soils transforming how we grow process and consume food The social dimension update and create new laws policies and economic measures to recenter human values and reduce environmental and social injustice Based on more than 6 years of research Berger traveled the nation and abroad to interview governors mayors ranchers scientists engineers business leaders energy experts and financiers as well as carbon farmers solar and wind innovators forest protectors non profit leaders and activists With real world examples an explanation of cutting edge technologies in solar and wind and political organizing tactics Solving the Climate Crisis provides a practical road map for how we effectively combat climate change Replacing the fossil fuel system with a newly invigorated modernized clean energy economy will produce tens of millions of new jobs and save trillions of dollars Protecting the climate is thus potentially the greatest economic opportunity of our time **Drones and the Future of Armed Conflict** David Cortright,Rachel Fairhurst,Kristen Wall,2015-06-10 During the past decade armed drones have entered the American military arsenal as a core tactic for countering terrorism When coupled with access to reliable information they make it possible to deploy lethal force accurately across borders while keeping one s own soldiers out of harm s way The potential to direct force with great precision also offers the possibility of reducing harm to civilians At the same time because drones eliminate some of the traditional constraints on the use of force like the need to gain political support for full mobilization they lower the threshold for

launching military strikes The development of drone use capacity across dozens of countries increases the need for global standards on the use of these weapons to assure that their deployment is strategically wise and ethically and legally sound Presenting a robust conversation among leading scholars in the areas of international legal standards counterterrorism strategy humanitarian law and the ethics of force Drones and the Future of Armed Conflict takes account of current American drone campaigns and the developing legal ethical and strategic implications of this new way of warfare Among the contributions to this volume are a thorough examination of the American government s legal justifications for the targeting of enemies using drones an analysis of American drone campaigns notable successes and failures and a discussion of the linked issues of human rights freedom of information and government accountability *The Constitution in Jeopardy* Russ Feingold, Peter Prindiville, 2022-08-30 A former U S senator joins a legal scholar to examine a hushed effort to radically change our Constitution offering a warning and a way forward Over the last two decades a fringe plan to call a convention under the Constitution s amendment mechanism the nation s first ever has inched through statehouses Delegates like those in Philadelphia two centuries ago would exercise nearly unlimited authority to draft changes to our fundamental law potentially altering anything from voting and free speech rights to regulatory and foreign policy powers Such a watershed moment would present great danger and for some great power In this important book Feingold and Prindiville distill extensive legal and historical research and examine the grave risks inherent in this effort But they also consider the role of constitutional amendment in modern life Though many focus solely on judicial and electoral avenues for change such an approach is at odds with a cornerstone ideal of the Founding that the People make constitutional law directly In an era defined by faction and rejection of long held norms *The Constitution in Jeopardy* examines the nature of constitutional change and asks urgent questions about what American democracy is and should be
