The Comprehensive Guide for PMP® Certification Kal Jayaswal, PMP and
Archana Jayaswal, PMP, CSM, 2019-06-30 Why you need this PMP guide Coverage of the 100% of the exam content Lots of
figures and tables for faster preparation ITTO made easy with diagrams and built in text Simple explanations for difficult
concepts Synopsis and formulas section for reference before the PMP exam Easy to follow layout 400 sample questions with
detailed explanations Full length practice exam Tips for practical project management How to for Microsoft Project MPP
application This book is a must have for those preparing for PMP certification It is different than existing books because we
believe that PMP preparation can be quick and efficient We have read the existing books and taken the PMP exam and we
have found that most books contain unnecessary content Reduce your preparation time There are several books in the
market that have pages of painful and irrelevant text that would just be a waste of your time This book has text that is
concise and relevant for the exam Figures and tables There are 200 figures and tables in the book When text is needed to
explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of
commentary to find relevant material Personalized conversational style When possible we use conversational style to make
for easier reading Active learning We believe that learning is best when the reader is involved instead of doing a show and
tell Wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises Examples You will
find lots of examples followed by its underlying concept or generalized step by step procedure This sequence makes it easier
to understand concepts REVIEW FROM CONTACT 1 I have studied various PMP guides and tutorials in the market But this
book is different stands outs and would be the best companion guide to the PMBOK Difficult concepts are presented in a style
that is easy to follow The content is concise and supported by illustrative figures and tables This will save you from wasting
your time on irrelevant or copious content In my opinion this is the ONLY book you will need to pass the PMP exam Other
printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and
explanations The 400 questions are at the same level of rigor as you will find in the PMP exam I wish I had this guide when I
