Gender Swapped Fairy Tales Karrie Fransman, Jonathan Plackett, 2020-11-03 Discover a collection of fairy tales unlike the ones you've read before Once upon a time in the middle of winter a King sat at a window and sewed As he sewed and gazed out onto the landscape he pricked his finger with the needle and three drops of blood fell onto the snow outside People have been telling fairy tales to their children for hundreds of years And for almost as long people have been rewriting those fairy tales to help their children imagine a world where they are the heroes Karrie and Jon were reading their child these stories when they hit upon a dilemma something previous versions of these stories were missing and so they decided to make one vital change They haven't rewritten the stories in this book They haven't reimagined endings or reinvented characters What they have done is switch all the genders It might not sound like that much of a change but you'll be dazzled by the world this swap creates and amazed by the new characters you're about to discover **What the Queen Wills** AJ
