Singleness is a much overlooked treasure in Christian tradition In these pages Christians single and married alike can rediscover the richness of singleness in its great variety This book offers thought provoking cultural and theological analysis along with voices of single Christian people down through the centuries *For Every Matter under Heaven* Beverly Zink-Sawyer, Donna Giver-Johnston, 2022-12-08 For everything there is a season as the writer of Ecclesiastes reminds us and that includes preaching Beyond ordinary Sunday morning worship many other seasons special occasions arise for preaching in the life of the church whether by virtue of the secular calendar or celebrations or circumstances in the congregation or community *For Every Matter under Heaven* Preaching on Special Occasions offers preachers a process for creating sermons that are biblically grounded and relevant to the occasion Two obvious occasions of this sort are weddings and funerals however church anniversaries dedications of new buildings or furnishings commitment of pledges in stewardship season and ordination and installation services also call for preaching on a special theme or topic In addition some congregations acknowledge secular holidays such as the Fourth of July and Thanksgiving Day in worship Pastors are often called on to preach at events outside the church And all congregations face local or national tragedies and crises that call for a word from the Lord These occasions require a different kind of sermon or at least a different process of preparation Most preachers have been taught that sermons begin with a biblical text usually a text prescribed by a standard lectionary Beverly Zink Sawyer and Donna Giver Johnston offer preachers a process for finding appropriate sermon texts for special occasions by considering the occasion itself the listeners who might be gathered and the ways God is at work in that time and place Through this process preachers can offer a word for every matter under heaven *Church Planting at the End of the Twentieth Century* Charles L. Chaney, 2013-01-01 More than 80 million Americans claim no church affiliation Only six other nations have a total population of more than 80 million Another 90 million who claim membership or affiliation don t attend church It is obvious that this many people will not be reached by existing congregations The answer More churches are needed Here is a book written by one of the nation s authoritative voices on church planting with both biblical and practical help for those who share his vision that the task of church planting rests not with denominational leaders but with the people and pastors of local churches
