Traveling Light Kath Weston, 2008 What happens when you're broke and you need to get to a new job an ailing parent a powwow or a funeral on the other side of the country After decades of globalization what kind of America will you glimpse out the window on your way For five years Kath Weston rode the bus to find out *Traveling Light* is not another book about people stuck in poverty Rather it's a book about how people move through poverty and their insights into the sweeping economic changes that affect us all Weston's route takes her through Northeastern cities buried under layoffs an immigration raid in the Southwest an antiwar rally in the capitol and the path traced by Hurricane Katrina Like any road story this one has characters that linger in the imagination the trucker who has to give up his rig to have an operation the teenager who can turn any Hollywood movie into a rap song the homeless veteran who dreams of running his own shrimp boat the sketch artist who breathes life into African American history the single mother scrambling for loose change

Traveling Light Kath Weston, 2009-09-01 How far can you get on two tacos one Dr Pepper and a little bit of conversation What happens when you're broke and you need to get to a new job an ailing parent a powwow college or a funeral on the other side of the country And after decades of globalization what kind of America will you glimpse through the window on your way For five years Kath Weston rode the bus to find out *Traveling Light* is not just another book about people stuck in poverty Rather it's a book about how people move through poverty and their insights into the sweeping economic changes that affect us all The result is a moving meditation on living poor in the world's wealthiest nation

Exit Zero Christine J. Walley, 2022-12-22 Winner of CLR James Book Prize from the Working Class Studies Association and 2nd Place for the Victor Turner Prize in Ethnographic Writing In 1980 Christine J Walley's world was turned upside down when the steel mill in Southeast Chicago where her father worked abruptly closed In the ensuing years ninety thousand other area residents would also lose their jobs in the mills just one example of the vast scale of deindustrialization occurring across the United States The disruption of this event propelled Walley into a career as a cultural anthropologist and now in *Exit Zero* she brings her anthropological perspective home examining the fate of her family and that of blue collar America at large Interweaving personal narratives and family photos with a nuanced assessment of the social impacts of deindustrialization *Exit Zero* is one part memoir and one part ethnography providing a much needed female and familial perspective on cultures of labor and their decline Through vivid accounts of her family's struggles and her own upward mobility Walley reveals the social landscapes of America's industrial fallout navigating complex tensions among class labor economy and environment Unsatisfied with the notion that her family's turmoil was inevitable in the ever forward progress of the United States she provides a fresh and important counternarrative that gives a new voice to the many Americans whose distress resulting from deindustrialization has too often been ignored This book is part of a project that also includes a documentary film
