## **Voor Het Land Van Belofte Een Terugblik Op Mijn Leven:**

Common Destiny Dietrich Orlow, 2000 Although the Socialist or Social Democratic parties played a key role in West European politics during the quarter century after the Second World War they have been studied far less than their political rivals the Christian Democrats The story of West European Social Democracy after 1945 begins with a dilemma Democratic marxism which had been the parties ideological and organizational principle until the Second World War was becoming politically irrelevant The three parties analyzed here represent the spectrum of reactions among Social Democratic parties to this realization The debate over the parties programs and ideologies did not of course take place in a vacuum the author devotes considerable space to a comparative analysis of the parties leaders and organizational structures as well as the evolution of Social Democratic domestic and foreign policies Immensely readable this book not only offers an in depth analysis of the postwar period crucial for the history of Social Democracy but also because of its cross national treatment of these three major parties adds significantly to our understanding of the processes of European integration and the evolution of the Atlantic Alliance

The Dutch and German Communist Left (1900-68) Philippe Bourrinet, 2016-11-01 The Dutch German Communist Left represented by the German KAPD AAUD the Dutch KAPN and the Bulgarian Communist Workers Party separated from the Comintern 1921 on questions like electoralism trade unionism united fronts the one party state and anti proletarian violence It attracted the ire of Lenin who wrote his Left Wing Communism An Infantile Disorder against the Linkskommunismus while Herman Gorter wrote a famous response in his pamphlet Reply to Lenin The present volume provides the most substantial history to date of this tendency in the twentieth century Communist movement It covers how the Communist left with the KAPD AAU denounced party communism and state capitalism in Russia how the German left survived after 1933 in the shape of the Dutch GIK and Paul Mattick s councils movement in the USA and also how the Dutch Communistenbond Spartacus continued to fight after 1942 for the world power of the workers councils as theorised by Pannekoek in his book Workers Councils 1946

**Political Religion Beyond Totalitarianism** J. Augusteijn, P. Dassen, M. Janse, 2013-01-29 The success of fascist and communist regimes has long been explained by their ability to turn political ideology into a type of religion These innovative essays explore the notion that all forms of modern mass politics including democracies need a form of sacralization to function

*Dutch Jews as Perceived by Themselves and by Others* Chaya Brasz, Yosef Kaplan, 2021-11-22 How did Jews in the Netherlands view themselves and how were they viewed by others This is the single theme around which the twenty five essays in this volume written by scholars from the Netherlands Israel and other countries revolve The studies encompass a variety of topics and periods from the beginning of the Jewish settlement in the Dutch Republic through the Shoah and its aftermath They include examinations of the Sephardi Jews in the seventeenth and eighteenth centuries the Jews in the periods of Emancipation and Enlightenment social and cultural encounters between Jews and non Jews throughout the ages the image of the Jew in Dutch literature in the nineteenth and twentieth centuries

and the churches attitudes toward Jews Also highlighted are the second World War and its consequences Dutch Jews in Israel and Israelis in the contemporary Netherlands      Reappraising the History of the Jews in the Netherlands Hans Blom, David J. Wertheim, Hetty Berg, Bart T. Wallet, 2021-09-15 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure its leaders and its international affiliations new topics explored include the socio economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics Memory studies diaspora studies postcolonial studies and digital humanities all play their part in providing the fullest possible picture This wide ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations Translated by David McKay      **This Cannot Happen Here** Ben Braber, 2025-10-01 How did the integration of Jews into Dutch society influenced Jewish resistance during the German occupation of the Netherlands in the Second World War In this book Ben Braber answers the question how the integration of Jews into Dutch society influenced Jewish resistance during the German occupation of the Netherlands in the second world war This study highlights the social position of Jews and their group characteristics but also reviews other factors that determined what forms Jewish resistance took such as personal character and individual circumstance This is the first comprehensive study of this subject in the English language of Jewish resistance in the Netherlands It offers a new perspective on Jews during the Holocaust and counters the prejudice about Jews failing to resist persecution This book is also relevant for today's multi ethnic society It is a case study about the hampered integration of a minority in particular how people in this group react when they are forcefully segregated and persecuted while thinking this cannot happen here

**The Religious Cultures of Dutch Jewry** Yosef Kaplan, Dan Michman, 2017-05-08 In The Religious Cultures of Dutch Jewry an international group of scholars examines aspects of religious belief and practice of pre emancipation Sephardim and Ashkenazim in Amsterdam Cura ao and Surinam ceremonial dimensions artistic representations of religious life and religious life after the Shoa The origins of Dutch Jewry trace back to diverse locations and ancestries Marranos from Spain and Portugal and Ashkenazi refugees from Germany Poland and Lithuania In the new setting and with the passing of time and developments in Dutch society at large the religious life of Dutch Jews took on new forms Dutch Jewish society was thus a microcosm of essential changes in Jewish history      Jewish Workers and the Labour Movement Karin

Hofmeester,2017-05-15 During the late nineteenth century many Jewish workers and intellectuals considered their integration into the general labour movement as a good way to counter the double disadvantage they suffered in society as Jews and workers Whilst in Amsterdam this process encountered few obstacles it was more problematical in London and Paris Through a detailed examination of the collaborative efforts of Jewish labour in these three cities Jewish Workers and the Labour Movement reveals the multi layered and unique position of Jewish workers in the labour market It shows how various factors such as economic change political upheaval state intervention and anti Semitism all affected the pace of integration and draws conclusions that highlight the similarities as well as the differences between the efforts of Jewish workers to improve their lot in France Britain and Holland **Dutch Jewish History** Michman,Levie,2024-11-18 Labor Organisations Mark van de Vall,1970-04 Professor van de Vall examines how trade unions have changed from the nineteenth century to 1960 1970
