and Peter Gill

Transnational Organised Crime Perspectives On Global Security Transnational Crime

Robert I. Rotberg

Transnational Organised Crime Perspectives On Global Security Transnational Crime:

Transnational Organised Crime Adam Edwards, 2003 The perceived threat of transnational organized crime to Western societies has been of huge interest to politicians policy makers and social scientists over the last decade This book considers the origins of this crime how it has been defined and measured and the appropriateness of governments policy responses The contributors argue that while serious harm is often caused by transnational criminal activity for example the trafficking in human beings the construction of that criminal activity as an external threat obscures the origins of these crimes in the markets for illicit goods *Transnational Unconventional Organized Crime: A National and Global Security Concern* Christian Kaunert, Sarah Léonard, Anthony J. Masys, 2025-09-27 The term transnational organised crime has been used to describe different realities depending on the specific category of crime and region of the world concerned Volume 2 of Transnational Unconventional Organised Crime focuses on regional and national perspectives It seeks to explore and understand the complexity of transnational organised crime and unconventional crime in various regional and national incarnations Globalisation has been identified as an essential factor facilitating transnational crime by removing previously established boundaries This complicated process of globalisation has led to similar interdependencies amongst countries and cultures with various long term and multifaceted impacts This interconnected framework has allowed transnational criminal networks to emerge and adapt leading to distinctly regional impacts as shown in this book This volume aims to promote a better understanding of the challenges inherent to tackling transnational organised crime which in turn can helpfully inform responsible and flexible responses that are tailored to the specific conditions in various regions and countries

Transnational Crime and Global Security Philip L. Reichel, Ryan Randa, 2018-01-12 This two volume work offers a comprehensive examination of the distressing topics of transnational crime and the implications for global security National security is a key concern for individual nations regions and the global community yet globalism has led to the perfusion of transnational crime such that it now poses a serious threat to the national security of governments around the world Whether attention is concentrated on a particular type of transnational crime or on broader concerns of transnational crime generally the security issues related to preventing and combatting transnational crime remain of top priority concern for many governments Transnational Crime and Global Security has been carefully curated to provide students scholars professionals and consultants of criminal justice and security studies with comprehensive information about and in depth analysis of contemporary issues in transnational crime and global security The first volume covers such core topics as cybercrime human trafficking and money laundering and also contains infrequently covered but nevertheless important topics including environmental crime the weaponization of infectious diseases and outlaw motorcycle gangs The second volume is unique in its coverage of security issues related to such topics as the return of foreign terrorist fighters using big data to reinforce security and how to focus efforts that encourage security cooperation *Transnational Organised Crime* Tom Obokata, Brian

Payne,2016-10-04 Organised crime covers a wide range of activities including drug trafficking illegal trafficking of people and fraud The existence of a land border does not impede these operations instead in many cases it is used to their advantage In response law enforcement strategies must include a transnational multi agency approach This book critically analyses the extent to which Northern Ireland and the Republic of Ireland have been successful in implementing effective action against transnational organised crime It explores the adoption of key law enforcement strategies and measures in these jurisdictions and evaluates how regional EU law and international UN Convention standards have been implemented at the national level Drawing on interviews with over 90 stakeholders including the Department of Justice Northern Ireland the Department of Justice and Equality in Ireland the Police Service of Northern Ireland and An Garda S och na Tom Obokata and Brian Payne discuss the factors affecting the effective prevention and suppression of organised crime particularly in relation to cross border cooperation In exploring challenges of transnational crime and cooperation this book will be of great use to students and researchers in international and transnational criminal law criminology and crime prevention

Research Handbook on Transnational Crime Valsamis Mitsilegas,Saskia Hufnagel,Anton Moiseienko,2019-12-27 This Research Handbook on Transnational Crime is an interdisciplinary up to date guide to this growing field written by an international cohort of leading scholars and experts It covers all the major areas of transnational crime providing a well rounded detailed discussion of each topic and includes chapters focusing on responses to transnational crime in specific regions

Routledge Handbook of Transnational Organized Crime Felia Allum,Stan Gilmour,2012-03-15 Transnational organized crime crosses borders challenges States exploits individuals pursues profit wrecks economies destroys civil society and ultimately weakens global democracy It is a phenomenon that is all too often misunderstood and misrepresented This handbook attempts to redress the balance by providing a fresh and interdisciplinary overview of the problems which transnational organized crime represents The innovative aspect of this handbook is not only its interdisciplinary nature but also the dialogue between international academics and practitioners that it presents The handbook seeks to provide the definitive overview of transnational organized crime including contributions from leading international scholars as well as emerging researchers The work starts by examining the origins concepts contagion and evolution of transnational organized crime and then moves on to discuss the impact governance and reactions of governments and their agencies before looking to the future of transnational organized crime and how the State will seek to respond Providing a cutting edge survey of the discipline this work will be essential reading for all those with an interest in this dangerous phenomenon The Handbook of Transnational Governance Thomas Hale,David Held,2018-02-12 When we speak of global governance today we no longer mean simply state to state diplomacy international treaties or intergovernmental organizations like the United Nations Alongside these traditional elements of global politics are a host of new institutions ranging from global networks of governmental officials to private codes of conduct for corporations to action oriented partnerships of NGOs governments

corporations and other actors These innovative mechanisms offer intriguing solutions to pressing transnational challenges as diverse as climate change financial governance workers rights and public health But they also raise new questions about the effectiveness and legitimacy of transnational governance An expanding body of scholarship has sought to identify and assess these new forms of governance but this young body of work has lacked a sense of the larger picture This volume seeks to fill that need by presenting a comprehensive overview of new forms of transnational governance This resource is essential for those who want to explain why transborder governance has changed and to understand what implications these changes have for global politics *Handbook of Transnational Crime and Justice* Philip Reichel, Jay Albanese, 2013-04-29

Transnational crime and justice will characterize the 21st century in same way that traditional street crimes dominated the 20th century In the *Handbook of Transnational Crime and Justice* Philip Reichel and Jay Albanese bring together top scholars from around the world to offer perspectives on the laws crimes and criminal justice responses to transnational crime This concise reader friendly handbook is organized logically around four major themes the problem of transnational crime analysis of specific transnational crimes approaches to its control and regional geographical analyses Each comprehensive chapter is designed to be explored as a stand alone topic making this handbook an important textbook and reference tool for students and practitioners alike *Encyclopedia of Transnational Crime and Justice* Margaret E. Beare, 2012-04-26 Accessible and jargon free and available in both print and electronic formats the one volume *Encyclopedia of Transnational Crime and Justice* contains a range of up to date entries that not only reflect transnational crime but transnational justice

Transnational and Comparative Criminology James Sheptycki, Ali Wardak, 2012-09-10 This book examines the issues of crime and its control in the twenty first century an era of human history where people live in an increasingly interconnected and interdependent world providing invaluable and first hand readings for undergraduate and postgraduate students
