The Balkans in Travel Writing Marija Kne evi , 2015-09-18 This book revisits images of the Balkans

in twentieth century travel writing that vividly mirrors the turbulent changes that the region went through As such it provides a vital basis for research into the variety of possibilities or obstacles present on the region's path to accession when its unique heritage will have to be reconciled with a more European identity This volume explores the work of well known authors such as Rebecca West Paul Theroux Robert D Kaplan and also contributes to travel writing theory by addressing less known travellers who recorded their thoughts on the social dynamics of the region The corpus offers divergent and often contradictory views ranging from moral and political criticism to a delight in the rich heritage and the still undiscovered Balkan paths More importantly its generic potentials prove to overcome both the discourse of power and the discourse of apology Its narrative style also comprises striking variations from the objective and well researched approaches to quick impressionist sketches Being a multi generic form travel writing is observed from a multidisciplinary perspective encompassing fields such as literature linguistics history sociology anthropology ethnology political sciences and geography

Ignorance Peter Burke, 2023-02-14 A rich wide ranging history of ignorance in all its forms from antiquity to the present day A Seminary Coop Notable Book of 2023 Ignorance A Global History explores the myriad ways in which not knowing affects our lives sometimes for good sometimes for ill Michael Dirda Washington Post Throughout history every age has thought of itself as more knowledgeable than the last Renaissance humanists viewed the Middle Ages as an era of darkness Enlightenment thinkers tried to sweep superstition away with reason the modern welfare state sought to slay the giant of ignorance and in today's hyperconnected world seemingly limitless information is available on demand But what about the knowledge lost over the centuries Are we really any less ignorant than our ancestors In this highly original account Peter Burke examines the long history of humanity's ignorance across religion and science war and politics business and catastrophes Burke reveals remarkable stories of the many forms of ignorance genuine or feigned conscious and unconscious from the willful politicians who redrew Europe's borders in 1919 to the politics of whistleblowing and climate change denial The result is a lively exploration of human knowledge across the ages and the importance of recognizing its limits
