435,2012-09-12 [The Necronomicon Files](#) Daniel Harms,John Wisdom Gonce,2003-07-01 Occult scholars explore how H P Lovecraft s fictional book of magic became a cultural phenomenon and real life legend in this revised and expanded volume What if a book existed that revealed the answers to all of life s mysteries For those who believe in it The Necronomicon is exactly that an eighth century occult text of immense power In fact The Necronomicon is a creation of science fiction writer H P Lovecraft who referred to the work in a number of stories and gave weight to its legend by inventing its own elaborate history In *The Necronomicon Files* two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft s fiction to its ongoing pervasive appearance in cult and occult circles The authors show how Lovecraft s literary circle added to the book s legend by referring to it in their own writing As people became convinced of the book s existence references to it in literature and film continue to grow This revised and expanded edition also examines the lengths people have undergone to find the Necronomicon and the cottage industry that has arisen in response to the continuing demand for a book that does not exist *The Necronomicon Files* illuminates the transformations of a modern myth exposing a literary hoax while celebrating the romance of Necronomicon lore *The World Is Always Coming to an End* Carlo Rotella,2019-04-26

This portrait of Chicago s South Shore and its people is a thought provoking deep dive into a neighborhood that remains in perpetual transition Kirkus Reviews An urban neighborhood remakes itself every day and unmakes itself too It is houses and stores and streets but it s also people the people who make it their home some eagerly others grudgingly A neighborhood can thrive or it can decline and neighbors move in and move out Sometimes they stay but withdraw behind fences and burglar alarms If a neighborhood becomes no longer a place of sociability and street life but of privacy indoors and fearful distrust outdoors is it still a neighborhood In the late 1960s and 1970s Carlo Rotella grew up in Chicago s South Shore neighborhood a place of neat bungalow blocks and desolate commercial strips and sharp sometimes painful social contrasts In the decades since the hollowing out of the middle class has left residents confronting or avoiding each other across an expanding gap that makes it ever harder for them to recognize each other as neighbors Rotella tells the stories that reveal how that happened stories of deindustrialization stories of gorgeous apartments with vistas onto Lake Michigan and of Section 8 housing vouchers held by the poor At every turn South Shore is a study in contrasts shaped and reshaped over the past half century by individual stories and larger waves of change that make it an exemplar of many American urban neighborhoods Talking with current and former residents and looking carefully at the interactions of race and class persistence and change Rotella explores the tension between residents deep investment of feeling and resources in the physical landscape of South Shore and their hesitation to make a similar commitment to the community of neighbors living there Unlike any work of

contemporary urban studies that I know It combines elements of journalism archival research ethnography and memoir in a study of South Shore the South Side Chicago neighborhood in which Carlo grew up in the 1970s It s at times lyrical at times analytic and always engaging Eric Klinenberg Public Books

Starry Wisdom Peter Levenda,2019-08-15 This third novel in the trilogy that began with *The Lovecraft Code* and continued with *Dunwich* concludes the globe spanning tale of Professor Gregory Angell and his attempt to keep the *Necronomicon* out of the clutches of a gaggle of secret societies and his life out of the grasp of terrorists and intelligence agents Angell makes his way back to the Americas after trekking across Central Asia and China and sailing the South China Sea to Indonesia In the meantime the search for the missing professor and the all important book consumes Dwight Monroe and his team while a string of murders in New Orleans baffles Detective Cuneo and brings NYPD Lieutenant Wasserman out of retirement At the same time Jamila the young Yezidi woman with a strange paranormal ability and a deadly aim finds herself on a mission in the United States to take out the man who destroyed her village And a distraught mother whose two sons were abducted by a sinister being is now pregnant with another child and travels around the country looking for answers in gatherings of UFO contactees and the rites of a voodoo priestess where she will have to confront a mind bending truth They all find themselves drawn together at a building in one of America s iconic cities at a house with a bizarre architecture that is based on a strange but sacred geometry a geometry that s designed to call down something from the stars Based on themes from the works of H P Lovecraft especially *The Haunter of the Dark* where the mysterious Shining Trapezohedron makes its appearance *Starry Wisdom* ties together the various strands of occult knowledge political intrigue and pop culture that are woven through the first two books Hailed by author Christopher Farnsworth *Red White and Blood* and *The President s Vampire* as a more intelligent *Da Vinci Code* and by Whitley Strieber *Communion* *The Wolfen* and *The Hunger* as a riveting work of fiction this book will thrill ancient aliens fans and Lovecraft aficionados and is supported by the genuine scholarship of occultists terrorists military leaders and intelligence agents

Stealing Fire from Heaven Nevill Drury,2011-03-02 The Western magical traditions are currently undergoing an international resurgence In *Stealing Fire from Heaven* Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems Gnosticism and the Hermetica the medieval Kabbalah Tarot and Alchemy and more recently Rosicrucianism and Freemasonry collectively laid the basis for the modern magical revival which first began to gather momentum in Europe at the end of the nineteenth century Western magic has since become increasingly eclectic drawing on such diverse sources as classical Greco Roman mythology Celtic cosmology Kundalini yoga and Tantra shamanism chaos theory and the various spiritual traditions associated in many different cultures with the Universal Goddess Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality He also explores Chaos Magick and the occult practices of the so called Left Hand Path as well as twenty first century magical

forays into cyberspace He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven Considered in this light Drury argues modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm

My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality MY COSMIC TRIGGER is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma The author s personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger

The Dark Lord Peter Levenda, 2013-08-01 One of the most famous yet least understood manifestations of Thelemic thought has been the works of Kenneth Grant the British occultist and one time intimate of Aleister Crowley who discovered a hidden world within the primary source materials of Crowley s Aeon of Horus Using complementary texts from such disparate authors as H P Lovecraft Jack Parsons Austin Osman Spare and Charles Stansfeld Jones Frater Achad Grant formulated a system of magic that expanded upon that delineated in the rituals of the OTO a system that included elements of Tantra of Voudon and in particular that of the Schlangekraft recension of the Necronomicon all woven together in a dark tapestry of power and illumination The Dark Lord follows the themes in the writings of Kenneth Grant H P Lovecraft and the Necronomicon uncovering further meanings of the concepts of the famous writers of the Left Hand Path It is for Thelemites as well as lovers of the Lovecraft Mythos in all its forms and for those who find the rituals of classical ceremonial magic inadequate for the New Aeon Traveling through the worlds of religion literature and the occult Peter Levenda takes his readers on a deeply fascinating exploration on magic evil and The Dark Lord as he investigates of one of the most neglected theses in the history of modern occultism the nature of the Typhonian Current and its relationship to Aleister Crowley s Thelema and H P Lovecraft s Necronomicon
