The Truth About Gun Control Encounter Broadside:

The Truth About Gun Control David B Kopel, 2013-04-16 Who is sovereign in the United States Is it the people themselves or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives This is the central question in the American gun control debate In this Broadside David Kopel explains why the right to keep and bear arms has always been central to the American identity and why Americans have always resisted gun control The American Revolution was sparked by British attempts to confiscate guns After the Civil War the U S changed the Constitution to defeat the nation s first gun control organization the Ku Klux Klan When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation which paves the way for genocide Americans resolved to make sure it never happens here Gun control is not an issue of left vs right or urban vs rural The right to bear arms is crucial to prevent large scale tyranny by criminal governments and small scale tyranny by ordinary criminals and to protect our Constitution

Work Andrew F. Puzder, 2020-04-21 Over the last two months the COVID 19 pandemic has thrown a robust American economy into disarray completely shutting down major business sectors and putting millions of people out of work overnight With so much at stake and with all options seemingly on the table it is crucial that we commit ourselves to the long term goal of restoring the sorts of free market policies that led to the Trump Economic Boom prior to the China Virus crisis Although massive government interventions that Barack Obama pursued following the Great Recession might presently appear beneficial or even essential a return to Obama s new normal of stagnant growth would lead to disastrous and persisting economic damage We must instead return as soon as is safely possible to the Trump model of economic prosperity that

produced the strongest labor market in modern history It's Time to Let America Work Again Andrew F.

Puzder,2020-08-04 As we begin the process of reopening our economy it is critical that we get back to work The economic shutdown was intended to slow the spread of a lethal virus not to permanently sacrifice our freedoms and certainly not to expand government power and fundamentally transform America During the shutdown we ve learned what that transformed America would look like and it is ugly With millions of people out of work and dependent on government lacking the dignity of a job the security of a paycheck or the opportunity for a better future depression and despair are creating an epidemic within the pandemic of suicides and drug and alcohol addiction While there are risks if we follow safety protocols and protect the vulnerable we can safely reignite our economy as we undo the lockdown eliminate policies that discourage work and enact policies that encourage hiring and growth It s time to reject the transformation to permanent government dependence and return instead to individual freedom and prosperity **Communist China's War Inside America** Brian T.

Kennedy,2020-06-16 The People s Republic of China and the United States are today at war It is being fought with the use of information politics and finance The Chinese believe that as in all war it would be better to win without engaging the enemy on the battlefield or having to resort to the likes of nuclear weapons if it can be avoided To achieve this China has engaged in a decades long campaign to manipulate and corrupt America s ruling elite This Broadside describes the degree to which Chinese influence has penetrated American society and what will be required to prevent Communist China from winning the struggle in which we find ourselves today **Broadsides** Nathan Miller,2008-05-02 Praise for BROADSIDES Pace the
