styled non fiction AI god series consisting of 4 books a couple of Self Help guides and a variety of other fiction and nonfiction books which can be found on <https://zeeburgerbooks.com> **Mary's Prayer** Mary McGuinness,2014-10-15 This memoir of Mary s spiritual journey of self discovery to find inner peace spans a period of fourteen years in which she was unable to find work due to illness Throughout this period she began to search for answers herself which resulted in studying for a degree in psychology The music of John Lennon and The Beatles has always been important to Mary and it was through this music that the healing process began John Lennon s character had inspired her throughout her life particularly in his work for peace with his wife Yoko Ono Music in general was very important to the journey that Mary travelled Mary s faith was paramount to the healing process and she visited the Shrine of Lourdes in France which was a turning point in her life In the Church of Frauenkirche in Munich Mary also felt as though she had received a blessing The support of Mary s family was very important to her recovery The psychology studies in particular those of social psychology impacted on Mary s understanding of the illness and motivated her to engage in her own personal research This has ultimately influenced this book Similar to John Lennon s song In My Life the people that Mary met and the places that she visited along the journey were essential to initiate changes in her life Social Construction Theory and the New Thought Movement were pivotal in changing Mary s attitudes and promoted a new way of thinking which impacted on her recovery Finally visiting Liverpool England re energized Mary and it was critical in changing her life It is hoped that this story would inspire others who are hoping to make similar changes in their own lives Spirituality and Alternativity in Contemporary Japan Ioannis Gaitanidis,2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine **Encyclopedia of American Popular Fiction** Geoff Hamilton,Brian Jones,2015-04-22 Provides information on American authors and their works who have been ignored by most literary guides
