The Trial Of Madame Caillaux:

The Trial of Madame Caillaux Edward Berenson, 1992-01-15 Edward Berenson recounts the trial of Henriette Caillaux the wife of a powerful French cabinet minister who murdered her husband's enemy Le Figaro editor Gaston Calmette in March 1914 on the eve of World War I In analyzing this momentous event Berenson draws a fascinating portrait of Belle Epoque politics and culture *The Trial of Madame Caillaux* Edward Berenson, 1992 **The Lost History of 1914** Jack Beatty, 2012-02-22 In *The Lost History of 1914* Jack Beatty offers a highly original view of World War I testing against fresh evidence the long dominant assumption that it was inevitable Most books set in 1914 map the path leading to war Beatty writes This one maps the multiple paths that led away from it Chronicling largely forgotten events faced by each of the belligerent countries in the months before the war started in August Beatty shows how any one of them a possible military coup in Germany an imminent civil war in Britain the murder trial of the wife of the likely next premier of France who sought détente with Germany might have derailed the war or brought it to a different end In Beatty's hands these stories open into epiphanies of national character and offer dramatic portraits of the year's major actors Kaiser Wilhelm Tsar Nicholas II Woodrow Wilson along with forgotten or overlooked characters such as Pancho Villa Rasputin and Herbert Hoover Europe's ruling classes Beatty shows were so haunted by fear of those below that they mistook democratization for revolution and were tempted to escape forward into war to head it off Beatty's powerful rendering of the combat between August 1914 and January 1915 which killed more than one million men restores lost history revealing how trench warfare long depicted as death's victory was actually a life saving strategy Beatty's deeply insightful book as elegantly written as it is thought provoking and probing lights a lost world about to blow itself up in what George Kennan called the seminal catastrophe of the twentieth century It also arms readers against narratives of historical inevitability in today's world Everybody's Magazine, 1919 *Manipulating the Masses* John Maxwell Hamilton, 2020-10-21 Winner of the Goldsmith Book Prize Winner of the AEJMC History Division Book Award Winner of the AJHA Book of the Year Winner of the Culbert Family Book Prize *Manipulating the Masses* tells the story of the enduring threat to American democracy that arose out of World War I the establishment of pervasive systematic propaganda as an instrument of the state During the Great War the federal government exercised unprecedented power to shape the views and attitudes of American citizens Its agent for this was the Committee on Public Information CPI established by President Woodrow Wilson one week after the United States entered the war in April 1917 Driven by its fiery chief George Creel the CPI reached every crevice of the nation every day and extended widely abroad It established the first national newspaper made prepackaged news a quotidian aspect of governing and pioneered the concept of public diplomacy It spread the Wilson administration's messages through articles cartoons books and advertisements in newspapers and magazines through feature films and volunteer Four Minute Men who spoke during intermission through posters plastered on buildings and along highways and through pamphlets distributed by the millions It

enlisted the nation's leading progressive journalists, advertising executives and artists. It harnessed American universities and their professors to create propaganda and add legitimacy to its mission. Even as Creel insisted that the CPI was a conduit for reliable fact-based information, the office regularly sanitized news, distorted facts and played on emotions. Creel extolled transparency but established front organizations. Overseas, the CPI secretly subsidized news organs and bribed journalists. At home, it challenged the loyalty of those who occasionally questioned its tactics. Working closely with federal intelligence agencies eager to sniff out subversives and stifle dissent, the CPI was an accomplice to the Wilson administration's trampling of civil liberties. Until now, the full story of the CPI has never been told. John Maxwell Hamilton consulted over 150 archival collections in the United States and Europe to write this revealing history, which shows the shortcuts to open honest debate that even well-meaning propagandists take to bend others to their views. Every element of contemporary government propaganda has antecedents in the CPI. It is the ideal vehicle for understanding the rise of propaganda, its methods of operation and the threat it poses to democracy. *The Embrace of Unreason* Frederick Brown, 2015-01-06

Spanning the turbulent decades between the World Wars, *The Embrace of Unreason* casts new light on the darkest years in modern French history. It is a fascinating reconsideration of the political, social and religious movements that led to France's move away from the humanistic traditions and rationalistic ideals of the Enlightenment and towards submission to authority and the dramatic rise of Fascism and anti-Semitism. Drawing on newspaper articles, journals and literary works of the time, acclaimed biographer and cultural historian Frederick Brown explores the forces unleashed by the Dreyfus Affair and how clashing ideologies and new artistic movements led France to an era of violence and nationalistic fervor. **The New Larned History for Ready Reference, Reading and Research** Josephus Nelson Larned, 1923

The Month that Changed the World Gordon Martel, 2014 On 28 June 1914, the Austrian Archduke Franz Ferdinand was assassinated in the Balkans. Five fateful weeks later, the Great Powers of Europe were at war. Much time and ink has been spent ever since trying to identify the guilty person or state responsible or alternatively attempting to explain the underlying forces that inevitably led to war in 1914. Unsatisfied with these explanations, Gordon Martel now goes back to the contemporary diplomatic, military and political records to investigate the twists and turns of the crisis afresh, with the aim of establishing just how the catastrophe really unfurled. What emerges is the story of a terrible unnecessary tragedy, one that can be understood only by retracing the steps taken by those who went down the road to war. With each passing day, we see how the personalities of leading figures such as Kaiser Wilhelm II, the Emperor Franz Joseph, Tsar Nicholas II, Sir Edward Grey and Raymond Poincaré were central to the unfolding crisis, how their hopes and fears intersected as events unfolded and how each new decision produced a response that complicated or escalated matters to the point where they became almost impossible to contain. Devoting a chapter to each day of the infamous July Crisis, this gripping step-by-step account of the descent to war makes clear just how little the conflict was, in fact, premeditated, preordained or even predictable. Almost every day, it seemed possible that the crisis could

be settled as so many had been over the previous decade almost every day there was a new suggestion that gave statesmen hope that war could be avoided without abandoning vital interests And yet as the last month of peace ebbed away the actions and reactions of the Great Powers disastrously escalated the situation So much so that by the beginning of August what might have remained a minor Balkan problem had turned into the cataclysm of the First World War **Cartoons Magazine**, 1914 **The National Corporation Reporter**, 1914 **French Music, Culture, and National Identity, 1870-1939** Barbara L. Kelly, 2008 Heroism art and new media France and identity formation Unifying the French nation Savorgnan de Brazza and the Third Republic Edward Berenson New media source bonding and alienation listening at the 1889 Exposition Universelle Annegret Fauser Debussy and the making of a musicien fran ais Pell as the press and World War I Barbara L Kelly A bas Wagner the French press campaign against Wagner during World War I Marion Schmid Canon style and political alignment D Indy s Beethoven Steven Huebner Messidor republican patriotism and the French revolutionary tradition in Third Republic opera James Ross The symphony and national identity in early twentieth century France Brian Hart Transcending the word religion and music in Gauguin s quest for abstraction Debora Silverman Jolivet s search for a new French voice spiritual otherness in Mana 1935 Deborah Mawer Regionalism Rameau in late nineteenth century Dijon memorial festival fiasco Katharine Ellis Becoming Alsatian anti German and pro French cultural propaganda in Alsace 1898 1914 Detmar Klein National identity and the double border in Lorraine 1870 1914 Didier Francfort **Sex, Violence, and the Avant-garde** Richard David Sonn, 2010 Sex Violence and the Avant Garde examines the French anarchist movement between the wars from a socio cultural perspective considering the relationship between anarchism and the artistic avant garde and surrealism political violence and terrorism sexuality and sexual politics and gender roles **Trials of Passion** Lisa Appignanesi, 2015-07-15 A journey into the heart of dark passions and the crimes they impel When passion is in the picture what is criminal what is sane what is mad or simply bad Through court and asylum records letters and newspaper accounts this book brings to life some sensational trials between 1870 and 1914 a period when the psychiatric professions were consolidating their hold on our understanding of what is human Outside fiction individual emotions and the inner life had rarely been publicly discussed now in an increasingly popular press and its courtroom reports people avidly consumed accounts of transgressive sexuality savage jealousy and forbidden desires These stood revealed as aspects not only of those labelled mad but potentially of everyone With great story telling flair and a wealth of historical detail Lisa Appignanesi teases out the vagaries of passion and the clashes between the law and the clinic as they stumble towards a sometimes reviled collaboration Sexual etiquette and class roles attitudes to love madness and gender notions of respectability and honor insanity and lunacy all are at play in that vital forum in which public opinion is shaped the theater of the courtroom **The Nation**, 1914 **Heroes of Empire** Edward Berenson, 2011 Examines through the lives of five important English and French figures the history of the exploration and colonization of Africa between 1870 and 1914 and the role the mass media
