Pan-Africanism in Modern Times Olayiwola Abegunrin, Sabella Ogbobode Abidde, 2016-06-15 For about one hundred years Pan Africanism as a social cultural economic political and philosophical idea thrived Towards the tail end of the twentieth century however it waned But

in more recent times there has been noticeable resurgence And as we approach the second decade of the twenty first century there are indications of significant transformations vis vis the role and place of Pan Africanism and Pan Africanists Consequently this book offers a new further and better understanding of Pan Africanism not just from the traditional African and African American points of view but also from a global perspective It does so by offering an analysis of its early years in terms of the personalities ideas and conferences that shaped it it also examines many of the factors that brought about its decline and its eventual rebirth Contributing to this seminal work are scholars of different but complementary styles and intellect who deviate from the more traditional or obvious approaches For instance one of the chapters explores Pan Africanism from the geographic perspective while another examines the role and place of women in the Pan African movement There are also voices that advance the conversation from the regional and continental viewpoint hence chapters that investigate the status of Pan Africanism in Latin America in the Caribbean and Islam and Pan Africanism in the modern world Ethnonationalism and xenophobia are also part of the treatise because increasingly these injurious phenomena are reemerging in Africa s landscape and consciousness In an increasingly interdependent and interrelated world this book also suggests that Pan Africanism will undergo a metamorphosis problems and challenges will be seen and tackled from the globalization and global common perspective Pan Africanism in Modern Times goes beyond the historicity of Pan Africanism and examines the challenges concerns and constraints it faces and also examines it from an inclusive perspective to have a broader understanding of this phenomenon and its future trajectory

Hellenistic Dimensions of the Gospel of Matthew Robert S. Kinney, 2016-04-11 In the search for Matthean theology scholars overwhelmingly approach the Gospel of Matthew as the the most Jewish Gospel Studies of its Sitz im Leben focus on its relationship to Judaism whether arguing from the perspective that Matthew wrote from a cloistered Jewish community or as the leader of a Gentile rebellion against such a Jewish community While this is undoubtedly an important and necessary discussion for understanding the Gospel it often assumes too much about the relationship between Judaism and Hellenism via Martin Hengel Robert S Kinney argues for a hybridized perspective in which Matthew s attention to Jewish sources and ideas is not denied but in which echoes of Greek and Roman sources can be observed focusing on identifying Matthew s use of rhetoric and its possible echoes of Greco Roman philosophical disciple gathering teachers

Captives and Companions Justin Marozzi, 2025-10-21 The definitive history of the slave trade in the Islamic world a story that has been overshadowed by its notorious but shorter lived Atlantic counterpart Slavery in the Islamic world has a long complex and controversial history In the earliest days of Islam Arab Muslims enslaved men women and children as the spoils of war In the following centuries young boys were imported to imperial Islamic courts in enormous numbers Some were castrated to serve as eunuch guardians of sacred spaces from the imperial harem of Istanbul to the Prophet s Mosque in Medina Others were harvested by the Ottomans to serve as Janissaries the sultan s elite infantry unit Some even rose to the highest levels of political and military command making a mockery of

their slave status For wom leading concubines became powerful figures in their own right In the ninth century Golden Age of Baghdad the most beautiful and accomplished courtesans were among the richest most celebrated figures of their day In the twentieth century more than a thousand years later their cosmopolitan counterparts were still entertaining Ottoman sultans Yet it was Africa which bore the brunt of the Islamic world s insatiable demand for slave labour Slavers plied its Mediterranean Atlantic and Indian Ocean coasts traders raided inland for human cargo and millions of enslaved Africans trudged across the Sahara into captivity Meanwhile North African corsairs turned the Mediterranean into a slaving free for all between Muslims Christians and Jews The sheer longevity of slavery was no less surprising Arab Muslims adapted and regulated this practice within an Islamic context Sanctioned by the Prophet Mohammed legitimated by the Quran and holy law slavery endured for fifteen centuries Abolition had few champions and came late in the day hereditary slavery continues even today in Mali and Mauritania Captives and Companions takes the reader on an extraordinary historical journey across deserts continents and oceans from Baghdad to Bamako Tripoli to Timbuktu Istanbul to the Black Sea and reveals a hidden but vital chapter in our understanding of world civilization *A History of World Societies* John P.
