"And They Shall Be One Flesh": On The Language of Mystical Union in Judaism Adam Afterman,2016-08-29 In And They Shall Be One Flesh On the Language of Mystical Union in Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the hen sis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of

mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself *Sex, Knowledge, and Receptions of the Past* Kate Fisher, Rebecca Langlands, 2015 Sex how should we do it when should we do it and with whom How should we talk about and represent sex what social institutions should regulate it and what are other people doing Throughout history human beings have searched for answers to such questions by turning to the past whether through archaeological studies of prehistoric sexual behaviour by reading Casanova s memoirs or as modern visitors on the British Museum LGBT trail In this ground breaking collection leading scholars show that claims about the past have been crucial in articulating sexual morals driving political legal and social change shaping individual identities and constructing and grounding knowledge about sex With its interdisciplinary perspective and its focus on the construction of knowledge the volume explores key methodological problems in the history of sexuality and is also an inspiration and a provocation to scholars working in related fields historians classicists Egyptologists and scholars of the Renaissance and of LGBT and gender studies inviting them to join a much needed interdisciplinary conversation **Baulme for Bleeding England and Ireland, etc** Nicholas LOCKYER, 1644

Baulme for bleeding England, and Ireland. Or, Seasonable instructions for persecuted Christians, etc Nicholas LOCKYER, 1646 **Prosaic Times** John Park, 2024-09-05 Analyzing the stylistic innovations most characteristic in pivotal works of literary realism *Prosaic Times* shows how their styles are not merely ornamental but fundamental to building their own temporalities By capturing the temporal dimensions in Wordsworth s *The Prelude* Richardson s *Clarissa* Flaubert s *Un Coeur Simple* and Melville s *Moby Dick* John Park argues that these literary works of realism the artistic claim to represent life as it is do not necessarily depend upon the plotline of the story they tell The reduced significance placed on plot is counterbalanced by something else an experience of duration a sheer extension of time in reading a sense of time stemming from the unique stylistic innovations in each work Contrasting with the view that realism represents social conditions this book claims that while realist works represent society they themselves are not bound to social conditions Instead literary realism accounts for ways of configuring history that render social conditions understandable The active quality of language of what narrative discourse says and does in forming our understanding of real things and events is brought directly to the reader s attention in these works Through close readings that analyze among other things the natural objects and scenes of experience dense temporal overlapping of accounts the depiction of the quotidian ways of a village and the boundless occasion for timeless metaphysical reflections Park shows how narration not only takes time but ultimately makes time part of the experience it represents to the reader *Visions and Revelations* John Taylor Dean, 1911 **Latrommi** Andrew Adkins, 2012-08-09 Andrew D Adkins was born March 6th in Ironton Ohio He grew up around the Mid west and spent a majority of his childhood focusing on extracurricular activities His ambitions as a creative story enthusiast grew as the

entertainment industry did through the 90s After the turn of the millennium his focuses were isolated toward the gaming region more so than all other part of the entertainment industry After Andrew became a father to two girls and one boy he decided to pursue his writing career wholeheartedly Personal life events outlooks and environmental circumstances pushed his initial story draft to greater heights than he expected His passion to become a published author grew stronger as time went on His first novel Latrommi is the final result of his dedication and persistence during the year of 2012 Andrew is seeking to have his first novel converted into a video game for fans to dive into The illustrations within his first novel are his personal depictions of how the characters within the game would visually appear Inspired by thousands of hours of game testing and story constructing his story Latrommi has been creatively written to provide a strong structure for optimal game play The sequel to Latrommi has been started and will soon follow in publication Andrew s eventual goal is to have an entire series of Latrommi books that will fuel a successful game series While he currently lives Indiana Andrew plans on moderately traveling to establish a better understanding of the intricacies our world presents on a day to day basis

Another Way of Telling John Berger, 2011-07-13 There are no photographs which can be denied All photographs have the status of fact What is to be examined is in what way photography can and cannot give meaning to facts With these words two of our most thoughtful and eloquent interrogators of the visual offer a singular meditation on the ambiguities of what is seemingly our straightforward art form As constructed by John Berger and the renowned Swiss photographer Jean Mohr that theory includes images as well as words not only analysis but anecdote and memoir Another Way of Telling explores the tension between the photographer and the photographed between the picture and its viewers between the filmed moment and the memories that it so resembles Combining the moral vision of the critic and the practical engagement of the photographer Berger and Mohr have produced a work that expands the frontiers of criticism first charged by Walter Benjamin Roland Barthes and Susan Sontag
