Newbigin, 1985 **Lesslie Newbigin** Lesslie Newbigin, 1993 Becoming a Missionary Church Michael W.

Goheen, Timothy M. Sheridan, 2022-07-19 This book offers a historical assessment and balanced critique of contemporary church movements especially in light of missional ecclesiology An expert on Lesslie Newbigin and an expert on contemporary church models show how Newbigin's ideas have been developed and contextualized in three popular contemporary church movements missional emergent and center church In addition the authors explain that some of Newbigin's insights have been neglected and need to be retrieved for the present day This book calls for the recovery of the missionary nature of the church and commends church practices applicable to any congregation J. H. Oldham and George Bell Keith W.

Clements, 2022-03-29 This book introduces the life and thought of two British contemporaries who were decisive in shaping the modern ecumenical movement the Scottish layman J H Joe Oldham 1874 1969 and the Anglican bishop G K A George Bell 1883 1958 Their careers were rather different but closely related Oldham was a missionary statesman the organizing secretary of the 1910 Edinburgh World Missionary Conference and a pioneering thinker and writer on race and social ethics who set the agenda for the crucial ecumenical conference on Church Community and State at Oxford in 1937 A quiet skillful diplomat he was the decisive mind behind the formation of the World Council of Churches WCC Bell was the public prophetic voice of the ecumenical fellowship from the 1930s onward steadfastly leading the churches support for the Christian opposition to Hitler in Germany tirelessly working for refugees and all victims of oppression and after the war pioneering the work of reconciliation After the inauguration of the World Council of Churches in 1948 he served as the first chairman of its central committee It was widely believed that he would have become Archbishop of Canterbury but for his courageous and outspoken opposition to the British and American policy of bombing civilian populations during the war The book outlines the life and main engagements of each figure in turn and then provides a selection of their key writings to illustrate their thinking and their impact on ecumenism A final chapter reflects on their pioneering significance and their relevance today

The Priesthood of All Believers and the Missio Dei Henry Joseph Voss, 2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine's canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical

doctrine based upon the royal priesthood of Christ and closely related to the believer's eschatological temple service and offering of spiritual sacrifices chapters 1-3 It secondly describes its catholic development by examining three paradigmatic shifts especially associated with Christendom chapters 4-6 and a suppression of the doctrine's missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the *missio Dei* This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 *Lectio Divina* 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord's Supper as the renewal of the royal priesthood

Theology and Ethics for the Public Church Samuel Yonas Deressa, Mary Sue Dreier, 2023-11-24 How might the Christian church effectively engage today's politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public theology provides a promising pathway forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical

Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God s activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission

Constructing Mission History Stanley H. Skreslet,2023-01-17 Three master narratives currently dominate the analysis of modern mission history One puts foreign missionaries at the heart of the story A second emphasizes the colonial aspect of modern missions Here missionaries are not heroes but villains who are implicated in hegemonic schemes of imperial domination Thirdly mission history is subordinated to one of its outcomes the advent of World Christianity In this master narrative the concept of contextualization looms large bolstered by Sanneh s notion of translatability and emphasis on the agency of non Westerners who participate in and subtly shape the complex social processes of evangelization While all three of these master narratives are insightful none of them adequately balances concern for missionary initiative and indigenous agency Borrowing from speech act theory Skreslet offers a new analytical approach to the modern roots of World Christianity that differentiates between what a speaker might intend to communicate and the effects of what has been said or actions taken both in the moment and over time Corresponding to the concepts of illocution and perlocution as these technical terms are used in speech act theory the book is structured in two main sections Initially the focus is on expressed missionary motives Part two engages a representative set of modern era mission performances involving many more actors than just the foreign evangelizers whose stated or implied intentions are emphasized in part one

Representing Christ Uche Anizor,Hank Voss,2016-04-21 Traditionally associated with

Protestantism the doctrine of the priesthood of all believers is a genuinely Christian doctrine with important implications for the global church In Representing Christ Uche Anizor and Hank Voss explore the doctrine in its biblical historical theological and practical dimensions **Theology in Missionary Perspective** Mark T. B. Laing,Paul Weston,2012-10-24 Lesslie

Newbigin was one of the most significant missionary strategists and theologians of the twentieth century With the breakdown of confidence in some of the central philosophical and theological paradigms that have been shaped and sustained by the culture of modernity Newbigin s approach to a genuinely missionary theology offers fresh insights and approaches providing something of a prophetic model for the global Christian community in new and challenging times In this collection of essays scholars and practitioners from around the world engage with aspects of Newbigin s continuing legacy They explore Newbigin s approach to theological method his theological and philosophical account of Western culture in the light of the gospel and some of the implications of his thought for global mission in the third millennium This collection is essential reading not just for Newbigin enthusiasts but also for all who are concerned to develop a genuinely missionary encounter with contemporary culture Contributors Ian Barns John G Flett Michael W Goheen Kenneth D Gordon Eleanor Jackson Veli Matti Karkkainen David J Kettle J Andrew Kirk Mark Laing Murray Rae Jurgen Schuster Wilbert Shenk Jenny Taylor Geoffrey Wainwright Ng Kam Weng and Paul Weston **The Congregation as Hermeneutic of the Gospel** Shawn P.

Behan,2024-10-31 Lesslie Newbigin s concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology This book provides the contextual background to the congregation as hermeneutic of the gospel then discusses the important components of this concept and how they connect with Newbigin s lifetime of writings on the nature and identity of the church Within this discussion there are three key elements to Newbigin s ecclesiology as it pertains to the congregation as hermeneutic of the gospel the relationship between the Holy Spirit and the local congregation the kingdom of God and the local congregation and the local congregation within itself These three components can be found throughout Newbigin s discussions about the nature of the church ranging from the 1940s until the 1990s Pulling all these components together and showing how they shed light on Newbigin s intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today Gospel Witness through the Ages

David M. Gustafson,2022-02-24 A definitive history of Christian evangelism including noteworthy persons movements and methods from the past Christians have been sharing the good news of Jesus Christ with nonbelievers for two thousand years Within this deep history is wisdom for today including numerous models for understanding what evangelism is and how it should be done In Gospel Witness through the Ages David Gustafson introduces readers to evangelism s noteworthy persons movements and methods from the entire scope of church history including both examples to emulate and examples to avoid With this thorough historical approach Gustafson expands the reader s conception of the evangelistic task and suggests new

ways to shape our identity as gospel witnesses today through the influence of these earlier generations of Christians With discussion questions for further reflection and primary sources from major evangelistic figures of the past Gospel Witness through the Ages is the most definitive history of evangelism available essential for understanding how Christians today can continue proclaiming the gospel to the whole world as Christians have in every century past **Spirituality for the Sent** Nathan A. Finn, Keith S. Whitfield, 2017-03-28 While spiritual formation focuses on the inner life of the Christian the missional church discussion focuses on one's life in the world Nathan A Finn and Keith S Whitfield bring together leading evangelical voices to cast a new vision for a missional spirituality that fosters spiritual maturity while also fueling Christian evangelism cultural engagement and the pursuit of justice **Gospel Witness** David M. Gustafson, 2019-02-14 In light of our increasingly post Christian Western contexts David Gustafson offers a mission oriented ecclesiology that moves from missional theory to practices of missional engagement Introducing God's human drama as a way to explain the gospel within God's redemptive story he outlines specific ways for pastors and church leaders to shape a gospeling culture within their congregations Gustafson expertly lays the foundations of and approaches to evangelism that are seminal and apt for the church today **Reforming the Kirk** Doug Gay, 2017-08-30 Reforming the Kirk is essential reading for anyone who cares about the future of the Church of Scotland or who wants to understand the deep challenges facing it in contemporary Scotland The Church of Scotland has had a profound social and cultural influence on all aspects of Scottish life for over 450 years Yet many feel that times now are harder for the Church than ever before and that spirits are low People are asking what has happened to the Church that they have loved served and belonged to for so long and how the Church can have a strong vibrant future The Church's motto *semper reformanda* means always to be reformed but what kind of reformation is needed now to bring about the future for which so many so long Doug Gay's analysis brings a rich blend of historical theological and cultural understanding to bear on analysing patterns of decline within the context of a secularising Scotland and proposing bold and creative ways for the Kirk to respond *The Moot Papers* Keith Clements, 2015-02-26 The Moot was the study and discussion group set by J H Oldham 1874 1969 following the 1937 Oxford conference on Church Community and State Its purpose was to continue in an informal but serious way exploration of the relation between church and society and the realization of Christian ethics in the public sphere The Moot met twice or three times a year from 1938 to 1947 21 times in all and was convened by Oldham with the conscious intention of responding to the grave crisis that was felt to be facing western society in Britain no less than on the continent of Europe Overall some 35 people attended the Moot at one time or another but its core comprised a small number of regular members who were representative of the highest levels in theology social science and public affairs In addition to Oldham himself they included T S Elliot H A Hodges Eleonora Iredale Adolf L we Karl Mannheim Walter Moberly John Middleton Murry and Alec Vidler Other participants included Kathleen Bliss Fred Clarke Christopher Dawson H H Farmer Hector Hetherington Walter Oakshott and Gilbert Shaw while notables such as

Reinhold Niebuhr Melville Channing Pearce Donald McKinnon Philip Mairet Leslie Newbiggin William Paton Frank Pakenham later Lord Longford Michael Polanyi and Oliver Tomkins made occasional guest appearances Against the background of impending and then actual war the discussions in the Moot repeatedly focused on the planned nature of modern society and therewith the roles if any within it of moral choice and the Christian community
