they were the young women she was to protect Most times it was to be only one maiden but she was given two Not knowing about her future for sure now Rainbow wasn't so sure she would be following the rest of her herd to the Lands Before Time As Rainbow was making ready to continue on her journey she assured them she would keep in mental touch with the maidens after she was gone She left the meadow with a heavy heart but moved on not paying attention until it was near dusk and she was close to the land of mankind She had to find shelter until full night for during twilight hours unicorns can be seen by man She had only a little while then there they were three strapping young lads her saviors who safely hid her from sight Rainbow thought she could almost communicate with the youngest of the trio there was just something different about the young man It was with a confused heart that she left the three of them behind as she continued to what she did not know She felt that she would have a future with her maidens along with the lads they would be a part of it Onward to the Valley of Eebaral they must go The place held many wonders for all to find the mythical beasts along with the human ones From the marvels of the caves in the meadow to the dense forest and its magic in the beyond All in Eebaral

Words of the Piasa Duncan Glenns,2010-11-19 Imagine yourself being the powerful magical and now legendary creature which has been recognized world wide throughout history as most likely the most powerful being whom has ever existed Used to being the top of the food chain and even having had dominion over these upstart human beings for all of the time which they have called Mother Earth their home You have seen many of their kind make somewhat valiant attempts at the creation of a life that would be in tune with that of the mother within this world for innumerable of their lifetimes only to see them fail at every important crossroad with which they were faced Now imagine that you have seen these humans remove most of the Magic from the world that you love and have called home for time longer than they can even begin to realize how to measure and that they are causing the ending of the existence of many of the beings that have existed here since times untold who were all vessels which truly contained the strong essence of the old magic that was once so fully saturated this lovely world but their advancements and the Technology of which they were so very capable of creating had now begun to unchangeably possibly negatively alter the world which you had called home for such a very very long time Yet imagine as well that you the Piasa possibly the last of dragon kind had discovered within these humans something that was quite possibly some new sort of Magic one which you had never seen before called love which at first you had been unfamiliar with but now that you had experienced it through relationships with several of these unique beings felt that it was the one and only hope for us all
