Union And Liberty The Political Philosophy Of John C Calhoun

Ronald J. Pestritto, Thomas G. West

Union And Liberty The Political Philosophy Of John C Calhoun:

Union and Liberty John Caldwell Calhoun, 1992 A Liberty Classics edition T p verso Selected speeches p 401 601 Includes bibliographical references and index **John C. Calhoun's Theory of Republicanism** John G. Grove, 2016-12-16 John C Calhoun 1782 1850 the South Carolinian who served as a congressman a senator and the seventh vice president of the United States is best known for his role in southern resistance to abolition and his doctrine of state nullification But he was also an accomplished political thinker articulating the theory of the concurrent majority This theory John G Grove contends is a rare example of American political thought resting on classical assumptions about human nature and political life By tracing Calhoun s ideas over the course of his political career Grove unravels the relationship between the theory of the concurrent majority and civic harmony constitutional reform and American slavery In doing so Grove distinguishes Calhoun s political philosophy from his practical political commitment to states rights and slavery and identifies his ideas as a genuinely classical form of republicanism that focuses on the political nature of mankind public virtue and civic harmony Man was a social creature Calhoun argued and the role of government was to maximize society s ability to thrive The requirements of social harmony not abstract individual rights were therefore the foundation of political order Hence the concurrent majority permitted the unique elements in any given society to pursue their interests as long as these did not damage the whole society it forced rulers to act in the interest of the whole John C Calhoun s Theory of Republicanism offers a close analysis of the historical development of this idea from a basic inherited republican ideology into a well defined political theory In the process this book demonstrates that Calhoun s infamous defense of American slavery while unwavering was intellectually shallow and in some ways contradicted his highly developed political theory **The Political Thought of the Civil War** Alan Levine, Thomas W. Merrill, James R. Stoner, Jr., 2019-08-08 Why does the Civil War still speak to us so powerfully If we listen to the most thoughtful forceful and passionate voices of that day we find that many of the questions at the heart of that conflict are also central to the very idea of America and that many of them remain unresolved in our own time The Political Thought of the Civil War offers us the opportunity to pursue these questions from a new critical perspective as leading scholars of American political science history and literature engage in some of the crucial debates of the Civil War era and in the process illuminate more clearly the foundation and fault lines of the American regime The essays in this volume use practical dilemmas of the Civil War to reveal and probe fundamental questions about the status of slavery and race in the American founding the tension between moralism and constitutionalism and the problem of creating and sustaining a multiracial society on the basis of the original principles of the American regime Adopting a deliberative approach the authors revisit the words and deeds of the most important political actors of era from William Lloyd Garrison John C Calhoun and Abraham Lincoln to Alexander Stephens and Frederick Douglass with reference to the American Founders and the architects of Reconstruction The essays in this volume consider the difficult choices each of these figures

made the specific problems they were responding to and the consequences of those choices As this book exposes and explores the theoretical principles at play within their historical context it also offers vivid reminders of how the great controversies surrounding the Civil War continue to shape American political life to this day

The Papers of John C. Calhoun John Caldwell Calhoun, Clyde Norman Wilson, 1959 Vols 2 9 Edited by W Edwin Hemphill v 10 Edited by Clyde N Wilson and W Edwin Hemphill v 11 18 20 22 Edited by Clyde N Wilson v 23 27 edited by Clyde N Wilson and Shirley Bright Cook Vols 10 15 22 Published by the University of South Carolina Press for the South Carolina Dept of Archives and History and the South Caroliniana Society v 23 28 published by the University of South Carolina Press Includes bibliographical references and indexes

Moby-Dick and Melville's Anti-Slavery Allegory Brian R. Pellar, 2017-06-15 This book unfurls and examines the anti slavery allegory at the subtextual core of Herman Melville's famed novel Moby Dick Brian Pellar points to symbols and allusions in the novel such as the albinism of the famed whale the Ship of State motif Calhoun's cords the equator Jonah Narcissus St Paul and Thomas Hobbes Leviathan The work contextualizes these devices within a historical discussion of the Compromise of 1850 and subsequently strengthened Fugitive Slave Laws Drawing on a rich variety of sources such as unpublished papers letters reviews and family memorabilia the chapters discuss the significance of these laws within Melville's own life After clarifying the hidden allegory interconnecting black slaves and black whales this book carefully sheds the layers of a hidden meaning that will be too convincing to ignore for future readings Moby Dick is ultimately a novel that is intimately connected with questions of race slavery and the state

Vindicating Lincoln Thomas L. Krannawitter, 2008-06-27 Was Abraham Lincoln a racist as some critics would have us believe Was he the father of big government as some others maintain Was the sixteenth president a traitor to the cause of free society and constitutional government Are the political principles that guided him relevant today In this provocative and timely book Thomas L. Krannawitter sets out to defend the man many consider to be our greatest president from critics on both the left and the right For although public opinion polls tend to rank Lincoln among the country's most venerated presidents he is also paradoxically the president who is least understood While Lincoln's name is frequently invoked in contemporary American politics few Americans understand or agree with the moral and political principles for which Lincoln gave his last full measure of devotion Many influential authors view Lincoln as an antiquated monument a man of his age who knew only nineteenth century prejudices and lacked twenty first century enlightenment Other writers denounce Lincoln as a tyrant who trampled upon the Constitution and states rights and thereby inaugurated big government and the kind of politics feared by the Founding Fathers Krannawitter argues that both views spring from a misunderstanding of Lincoln Today at precisely the moment when America is most in need of his moral and political understanding we are more removed from Lincoln's thought than ever before Vindicating Lincoln reintroduces us to Lincoln the statesman the man who defended our greatest ideals of freedom and equality at the darkest moment in American history Krannawitter shows us why it is in our interest not only to

learn about Abraham Lincoln but to learn from him to understand that Lincoln's guiding principles were true not only for his time but that they remain true for ours as well On the eve of the bicentennial of his birth in 2009 Lincoln can offer moral and political guidance to us all *Political Philosophy and Cultural Renewal* Francis Wilson,2019-01-22 Francis Graham Wilson

was a central figure in the revival of interest in political philosophy and American political thought in the mid twentieth century While he is best known as a Catholic writer and conservative theorist his most significant contribution is his original interpretation of the development of American politics Central to his thought was a process of self interpretation by the citizenry a quest for ultimate meaning turning to a divine transcendent basis of history and shared experience Although Wilson's writings were extensive and influential they have not been readily available for decades **History of American**

Political Thought Bryan-Paul Frost,Jeffrey Sikkenga,2003-07-14 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection **The Political Theory of the American Founding** Thomas G.

West,2017-04-03 This book provides a complete overview of the Founders natural rights theory and its policy implications

Lincoln Allen Jayne,2010-05 In this compelling study of the moral principles that most influenced the thinking of Abraham Lincoln historian Allen Jayne argues persuasively that Lincoln regarded the Declaration of Independence above all other documents as the most important embodiment of American principles This American manifesto as Jayne calls it with its eloquent expression of the ideals of individual liberty and government created to protect and preserve that liberty was the script that Lincoln followed in his struggle to preserve the Union and extend individual liberties to African Americans Moreover Jayne demonstrates that Lincoln's philosophy was rooted not in a Bible based evangelical Christian perspective but in the European Enlightenment and deism which so profoundly influenced the thinking of Thomas Jefferson and other Founding Fathers Jayne begins with a chapter devoted to the influence of deism on Jefferson's formulation of the Declaration of Independence Next he discusses Lincoln's adoption of the deistic perspective and the crucial role that the Declaration played in his thoughts and actions He also considers Lincoln's moral sense based on deism's tolerance of different belief systems and universal moral idealism Finally he describes Lincoln's role as chief advocate for the Declaration's principles and how the Gettysburg Address and his Second Inaugural Address reflect this underlying philosophy This insightful look into the thinking of one of our nation's greatest presidents during a time of crisis is highly relevant in today's climate of religious extremism and debates over the balance between individual liberty and national security We are Not One

People Michael J. Lee, R. Jarrod Atchison, 2022 *E pluribus unum* was suggested for the national seal in 1776 but national oneness has been haunted by its opposite ever since *We Are Not One People* demonstrates how the persistence of separatist movements in American history reveals as much about the nation's politics as it does the would-be separatists. Each chapter explores how great swaths of Americans of every ideological stripe in good times and bad in and beyond the South have disputed the nation's oneness and stressed its divisibility. Trumpeted in American myths, mottos, movies, and songs, separatism is omnipresent in American political culture. Separatist rhetoric has shaped Americans' experience of what it means to be an American, and we can learn much about the durable appeal and enduring fragility of the United States from those who tried to leave it. As one Vermont separatist quips, leaving is as American as apple pie. *We Are Not One People* is a bold, pathbreaking and far-reaching account of disunionists from 1776 to the present who wanted, as phrased in the Declaration of Independence, to dissolve the political bands connecting them to other Americans. **Federal Democracies** Michael Burgess, Alain-G.

Gagnon, 2010-02-25 *Federal Democracies* examines the evolution of the relationship between federalism and democracy. Taking the late 18th century US Federal Experience as its starting point, the book uses the contributions of Calhoun, Bryce, and Proudhon as 19th century conceptual prisms through which we can witness the challenges and changes made to the meaning of this relationship. The book then goes on to provide a series of case studies to examine contemporary examples of federalism and includes chapters on Canada, USA, Russia, Germany, Spain, Belgium, Switzerland, and the emerging European Union. It features two further case studies on Minority Nations and a Federal Europe and concludes with two chapters providing comparative empirical and theoretical perspectives and comparative reflections on federalism and democracy. Bringing together international experts in the field, this book will be vital reading for students and scholars of federalism, comparative politics, and government. **Challenges to the American Founding** Ronald J. Pestritto, Thomas G.

West, 2004-12-28 Ronald J. Pestritto's and Thomas G. West's earlier volume *The American Founding and the Social Compact* addressed the nature of the thought and philosophy of the men who shaped the American founding. In this second volume in a trilogy, Pestritto and West examine the fate of the founders' principles in the nineteenth century when these principles faced their first great challenges. Support of slavery culminating in secession and civil war came from the South, and after the war came positivism, relativism, and radical egalitarianism, which originated in Europe and infiltrated American universities where intellectuals repudiated the founders' views as historically obsolete and insufficiently concerned with true human liberation. In ten chapters covering major thinkers in nineteenth century American political thought, contributors discuss the rise and resolution of ideological conflicts in the early generations of the American republic. In *Challenges to the American Founding*, Pestritto and West have compiled an invaluable resource for the roots of the twentieth century departure in American politics from the political vision of the American founders. **Public Debate in the Civil War Era** David Zarefsky, 2023-08-01

Public debate and discussion was overshadowed by the slavery controversy during the period of the U.S. Civil War. Slavery

was attacked defended amplified and mitigated This happened in the halls of Congress the courts the political debate the public platform and the lecture hall This volume examines the issues speakers and venues for this controversy between 1850 and 1877 It combines exploration of the broad contours of controversy with careful analysis of specific speakers and texts

States' Rights and American Federalism Frederick D. Drake, Lynn Nelson, 1999-11-30 The debate over states rights versus federalism in America is one that has raged since our country's founding Arguments over the interpretation of the Constitution and the meaning of power and its distribution among the states governments echoes in governmental chambers even today Students can trace the history and development of issues surrounding this debate as well as the reactions to them through this unique and comprehensive collection of over 65 primary documents Court cases opinion pieces speeches and many other documents bring to life the controversies surrounding the debate Explanatory introductions to documents aid users in understanding the various arguments put forth in deliberations over different governmental matters while illuminating the significance of each document Drake and Nelson trace the origins and changes in the nature of states rights and American federalism using carefully chosen documents to reflect the fact that the tension and interaction between the states governments and the national government define the ideals and provide the means for realistic achievement of these ideals Documents can be easily accessed through five different sections each section exploring a specific period in history and contributing to the understanding of the debate The introductory and explanatory text help readers understand the nature of the conflicts the issues being contested the social and cultural pressures that shaped each debate and the manner in which the passions of individual government officials justices and our presidents affected the development of policies concerning states rights and federalism

Abraham Lincoln, Esq. Roger Billings, Frank J. Williams, 2010-11-01 As our nation's most beloved and recognizable president Abraham Lincoln is best known for the Emancipation Proclamation and for guiding our country through the Civil War But before he took the oath of office Lincoln practiced law for nearly twenty five years in the Illinois courts *Abraham Lincoln Esq The Legal Career of America's Greatest President* examines Lincoln's law practice and the effect it had on his presidency and the country Editors Roger Billings and Frank J Williams along with a notable list of contributors examine Lincoln's career as a general practice attorney looking both at his work in Illinois and at the time he spent in Washington Each chapter offers an expansive look at Lincoln's legal mind and covers diverse topics such as Lincoln's legal writing ethics the Constitution and international law *Abraham Lincoln Esq* emphasizes this often overlooked period in Lincoln's career and sheds light on Lincoln's life before he became our sixteenth president

Abraham Lincoln and the US Constitution, 1861-1865 Nicolas Gachon, 2022-10-13 This volume offers a historical and documented account of the constitutional issues underlying President Abraham Lincoln's determination to save the Union between 1861 and 1865 It provides students of US history and politics with a simple precise approach to the complex power game between the three branches of the federal government While both the Civil War and the Emancipation issue are present across the

different chapters the book focuses on constitutional issues to provide a clear analysis of the way Lincoln used or misused the US Constitution in a context of emergency

Foundations of American Political Thought Alin Fumurescu, Anna Marisa Schön, 2021-07-29 This collection of primary sources from the founding period covers the unique combination of theoretical influences in American political thought

American Political Thought Keith E. Whittington, 2016 In American Political Thought Readings and Materials Keith E Whittington's historical organization of readings and materials offers a fresh alternative to traditional anthologies contextualizing key pieces in new and unique ways

Contemporary Canadian Federalism Alain-G. Gagnon, 2009-06-06 First published in French in 2006 *Le fédéralisme canadien contemporain* was immediately recognised as the most comprehensive collection of reflections on Canadian federalism by leading Québecois scholars This remarkable translation of a range of Québecois voices makes their insightful and underrepresented perspectives available to English language audiences Offering alternative views of the Canadian federal model's realities by covering its foundations traditions and institutions Contemporary Canadian Federalism considers the ways in which federalism relates to issues such as regionalism multiculturalism rights and freedoms financial distribution and public policy Filled with stimulating work that bridges the gap between distinctive traditions in English and French Canadian scholarship on federalism this important volume is required reading for understanding provincial federal relations and Canadian governance
